

The hopes and dreams of youth,  
like that of the towering falcon,  
aim at objects in an airy height...  
with a constant  
and everlasting search for truth.

The falcon  
with its majestic strength yet gentle beauty  
soars  
in a voiceless path of a sky of indecision.

It has been said  
that you can train a falcon,  
but never tame it;  
perhaps like the student—  
to train and guide,  
but never to tame.

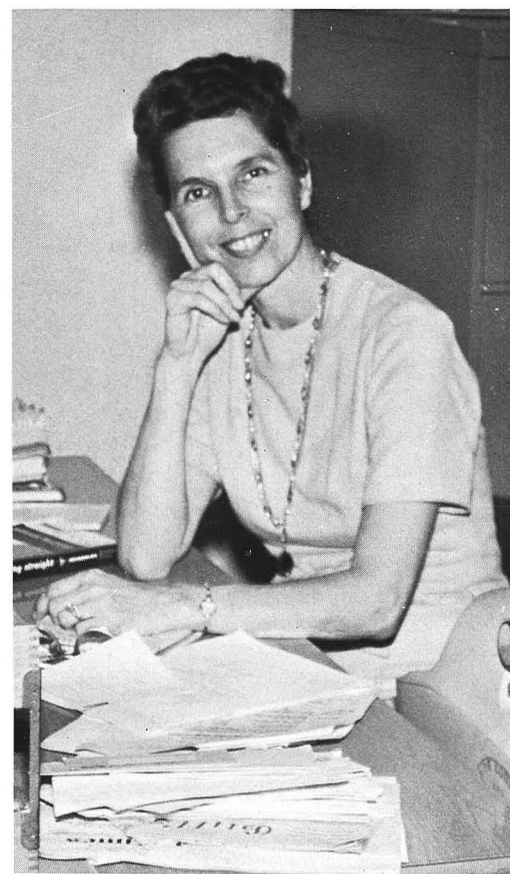

The falcon  
for the youth of Dade County Junior College  
symbolizes this strength,  
gentility,  
and quest for knowledge with truth;  
for youth is a bursting of bonds  
and a simultaneous bondage to dreams.

*President Williams with Our Gracious First Lady.*

**VIRGINIA TYLER**  
*Secretary to President Williams*

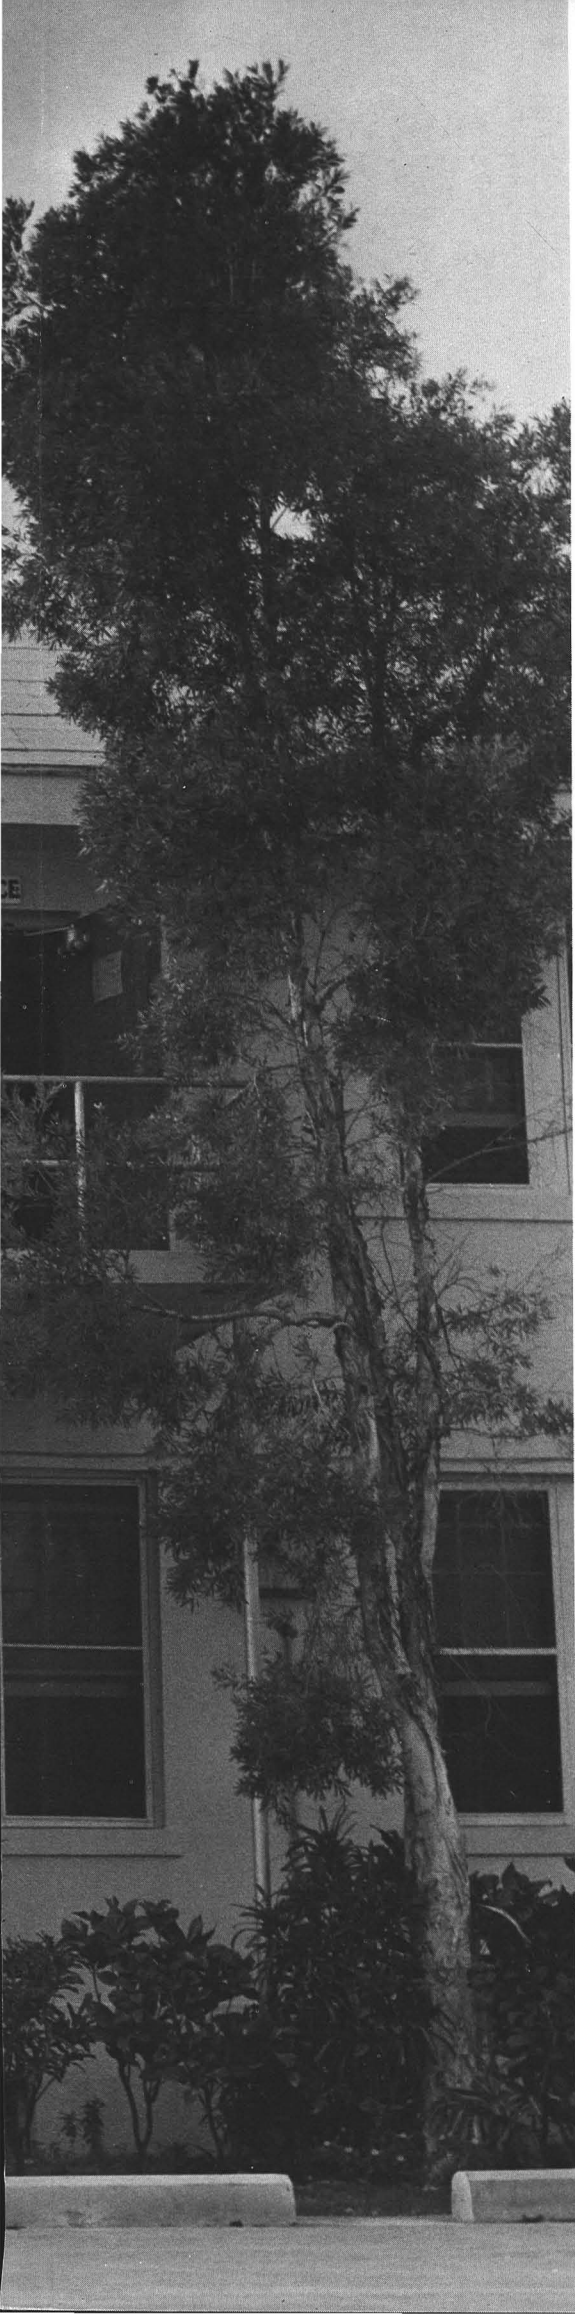

Speeches, faculty meetings, red tape and airline schedules are not obstacles for President Williams. He moves with ease and skill through a back breaking schedule. His gracious wife shares many of the social duties but the hard core of administrative chores are his to cope with. He has become well known in the community because of his skill in handling his presidential duties and is in demand as a speaker at civic affairs.

*With these hands President Williams convinces, propels, fashions dreams, makes impact and cajoles. Then, with these hands he has created what is today his empire—Dade County Junior College.*

The faces tell the story of the bookstore lineup.

Like I said to you, George: It's not the courses you take, it's the professors you get that counts.

Here goes my bank account.

Registration, orientation,  
and inevitable bookstore lineup  
are all a part of first week activities.

Registration is that unavoidable necessity for the  
collegian:

IBM cards, class schedules, student numbers, etc.

Freshmen attend orientation activities or the  
"Baptism of Fire" depending on  
one's penchant for word usage.

And let us not forget the bookstore with its  
delightful mass confusion.

Tired feet are had by all.

*Dean Walker addresses new students at orientation assembly. Why does one go to college? What has college to offer? The new student stands on the threshold of things to come.*

He knows he'll not strike oil or gold. He's just trying to dig his car out—another victim of DCJC's DUST BOWL.

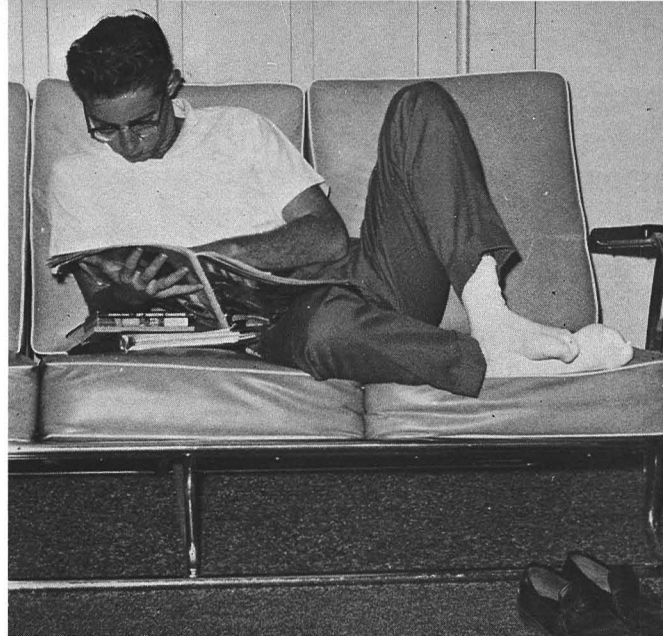

All quiet on the western front.  
It's time for the daily chess game,  
the moments rest,  
and the midday gossip session.  
Even "siesta time" comes once a day at Dade Junior.  
But never a day goes by without *some* mishap.  
It seems the "three musketeers"  
are busily at work pulling their horseless  
carriage out of the sand.  
Last minute "out the window" studying  
gets done before class.  
"Siesta time" is over. The bell has rung and it's  
back to work.

"Well—like I said to you, Charlie,  
it's tough to be a collegian  
these days.

Checkmate—on tv one night a week but runs ten hours each day at the Student Center.

# IN RETROSPECT 1960-61

I remember Alma Mater  
when she was merely a few planks tied together  
to house her many students.  
She wore a fresh coat of paint and seemed to nod a  
welcoming smile to those who wished to be pioneers.  
Her surroundings were indeed modest in nature—almost  
in the Lincoln tradition:  
A book, a light, and a chair.  
Yet for those who came to know her, she was a place to work,  
a place to play, a place to cry, and a place to laugh.  
The inquisitive mind knew no bounds under her roof.

I remember Alma Mater  
and the men who served her.  
She began with a scant twenty studios 'midst the  
profusion of Florida sand.  
The faculty had no offices—  
for there was no need to confer with students  
who daily were battered to speechlessness.  
There was no gathering place  
to which the student could retreat for a moment's respite  
from the "double, double, toil and trouble" of campus life.  
"I've got sand in my shoes" and "isn't it fun"  
became the topics for discussion.

I remember Mama and the time she acquired  
a rather auspicious looking—if you'll pardon my  
expression—bird. The Falcon, our mascot,  
known to most as a bird of prey, but to the students as a  
symbol of soaring strength and gentility.

Our Alma Mater began in dust  
but a new site is planned for to house her many  
students . . . 230 acres of new land and new hopes.  
Yet there is something about the past and  
first accomplishments that will not be washed away  
by the shade of time. The heritage of Alma Mater  
will be a strong and everlasting bond  
in erecting a monument to future students.  
"Oh, yes, I remember Alma Mater.  
She began as an idea and a few wooden studios."

*This younger generation is always a problem.*

*We became replacements for cackling hens.*

*Our library used to house classrooms and offices.*

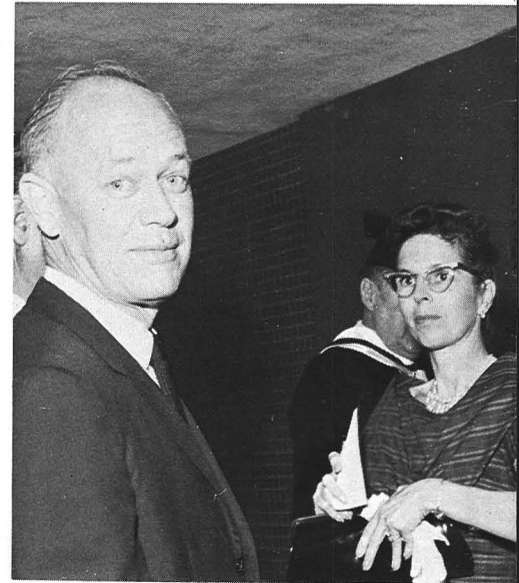

# President Williams assumes the reins of Dade County Junior College

*Governor Farris Bryant jokes with President Williams during a break in the inauguration ceremonies at Dade County auditorium. They wear gowns designating their scholastic achievements.*

*Wonder what she told him? Librarian Willa Boysworth and the Governor.*

*Governor Bryant meets President Williams in lobby of auditorium to offer congratulations on the President's inauguration.*

*President Williams turns to address the platform guests during his inaugural address.*

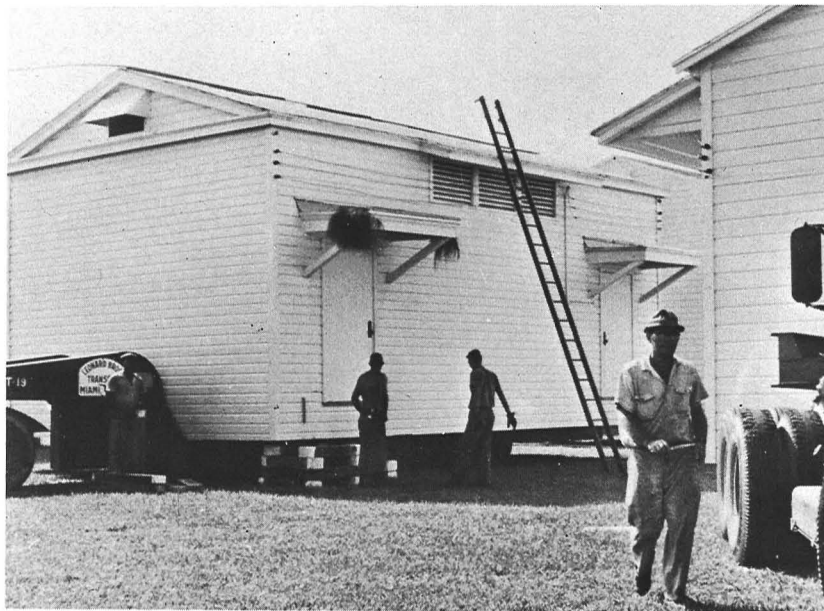

On the spot where cows once roamed and  
 grass kept them contented . . .  
 progress was pressing its way inward  
 toward the goal of DCJC . . .  
 Soon these frisky bovines would  
 scamper away to make room for . . .  
 the husky machines that would clear  
 the land . . .  
 Huge trucks lumbered to the spot, bring-  
 ing the studios in which we would  
 soon begin our studies.

*Heavy equipment moves in to begin clearing land.*

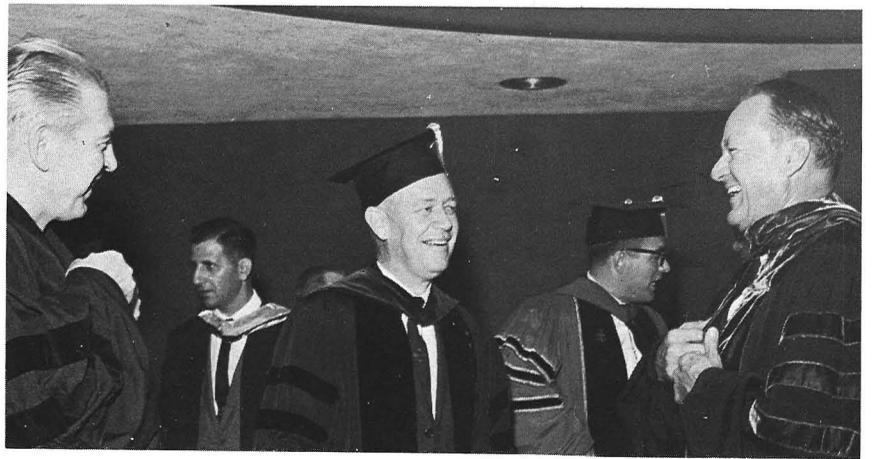

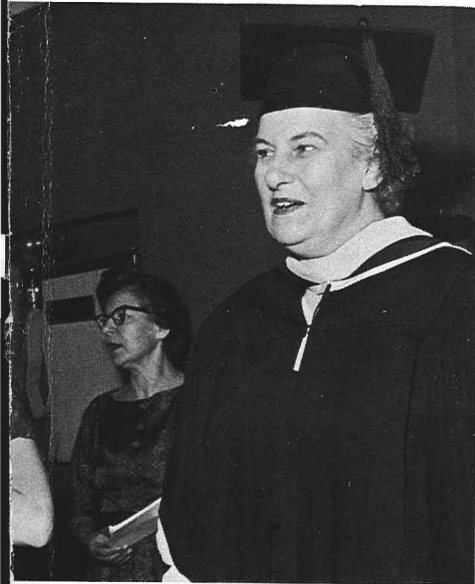

*Buildings being moved to present location.*

*So young, so fair, so debonair. They played the field.*

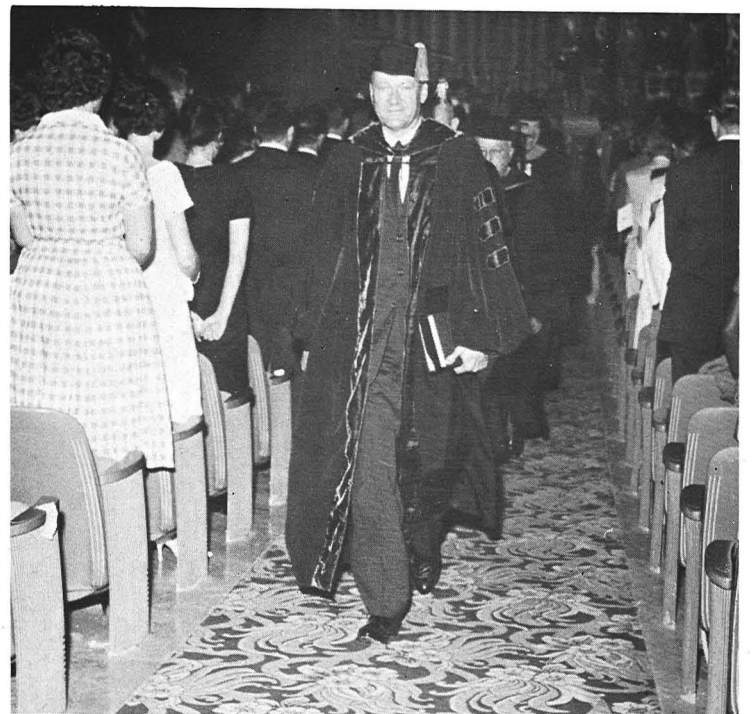

*The Governor ceremoniously autographs inauguration program while President Williams chuckles at well wishers' telegrams.*

*Dr. Joe Hall, Governor Bryant and President Williams relax after the inaugural ceremonies.*

*Kenneth Rast Williams takes over as President of Dade County Junior College.*

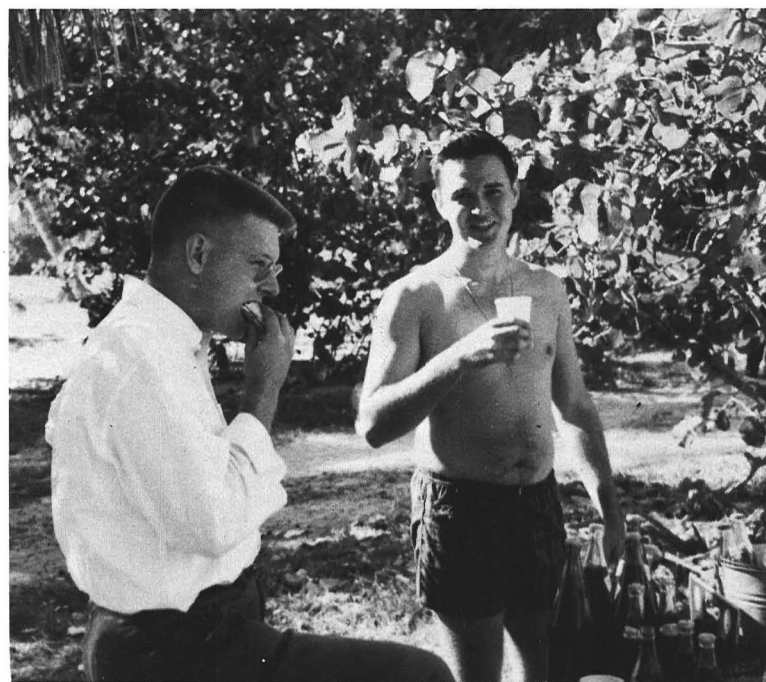

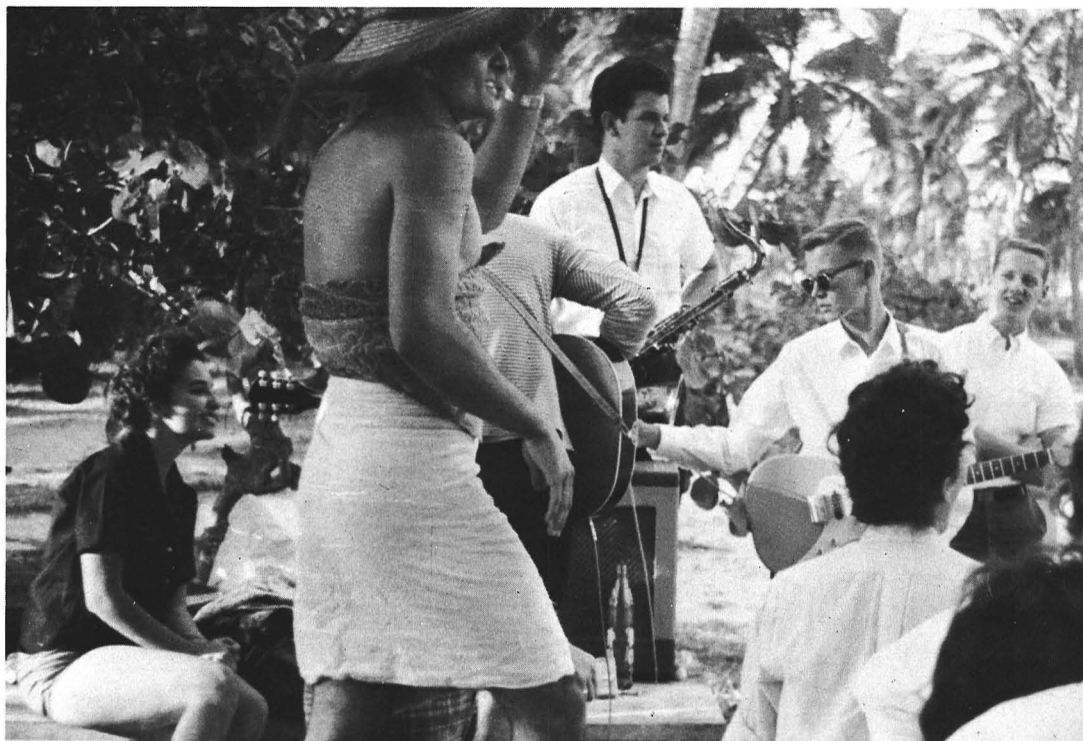

*Diane Denninger sails through a song like an old pro at the post-exam dance held at the Everglades Hotel.*

They found a time  
to study and a time  
to play

*Student Body President John Cripps proves student government is not all work. John relaxes and eats a sandwich as Senator Ray Hayes eyes cameraman.*

*Vice President Andres Alonso clowns for his audience as band tunes up at Crandon Park.*

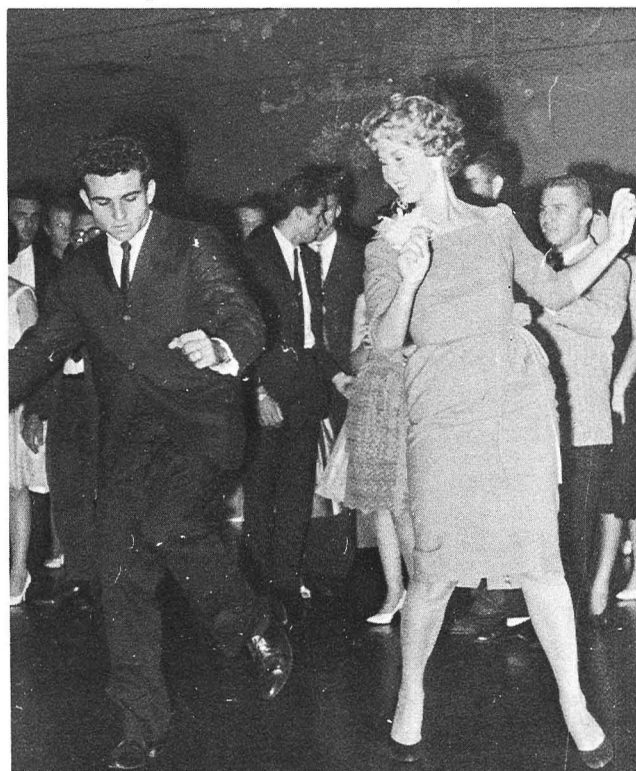

*"What am I doin' here?" asks Andy Anderson.*

The activities rolled on with stag lines, hay rides and hully gully forging to the top in popularity. Students created a friendly atmosphere wherever they went and had fun. Weekends were punctuated with Falcon frivolity and our campus sounded like any other with "Are you going to the dance-"

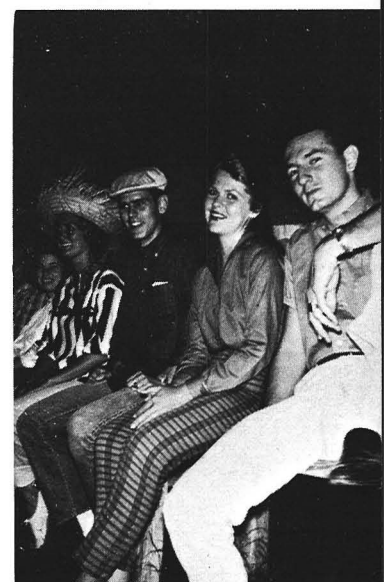

*Diane Prindle and Andres Alonso demonstrate the Twist. East to see why it became popular.*

## Sports Fared Well

Dade's first season of intercollegiate competition proved a fruitful one. Coach Jim Harley directed the Falcons' basketball forces to sixth place in the eleven team Florida Junior College Conference. The cagers were 9-9 in conference; 9-13 overall.

Coach Demie Mainieri guided Dade's diamond hopefuls to unparalleled heights. The talent-

laden baseball squad claimed the runnerup position in state Junior College competition with a conference record of 11-5 and a total season mark of 13-7.

Dade produced four All-Staters: Hersh, Taylor, Stutz and Quinby. The selection of Taylor and Stutz to the All-American squad topped our first athletic year.

PRESIDENT KENNETH R. WILLIAMS

## Administration

Coming to Dade County Junior College as president in 1960, Dr. Kenneth Rast Williams brought with him valuable experience and an outstanding reputation as an educator. He is responsible for the total program of the College, including college credit courses, vocational, technical and adult services, and maintains a proper balance among the various types of programs. He serves as Executive Secretary of the Advisory Committee. With all these burdens, he still maintains an always open door policy with a warm welcome for students and faculty.

BETSY ANN LITTLE

The College is an integral part of the Dade County School System and operates under the policies of the Board of Public Instruction (pictured above) and the authority of the Dade County Superintendent of Public Instruction. *Row One:* C. T. McCrimmon, Eunice Anderson, Jack Gordon, Helene Vosloh. *Row Two:* Jane Roberts, chairman, Robert Butler, Anna Brenner Meyers, Joe Hall, Superintendent of Public Instruction.

The Advisory Committee is composed of five outstanding civic, professional and industrial leaders of Dade County. They originate ideas leading to actions which advance the prestige and expansion of the College. Chairman of the Committee is Paul R. Scott. Robert S. Butler and Anna Brenner Meyers serve as liaison members between the Committee and the College.

S. LEONARD SINGER  
*Coordinator of Instructional Aids and Materials*

## Administration

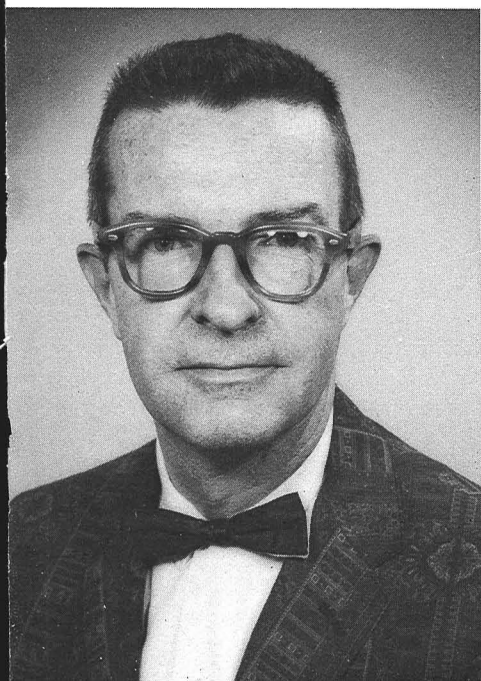

The Dean of Administration administers and coordinates the financial and physical aspects of the College. The budget, internal accounts and inventory are among his many duties. He keeps liaison with the County and State in these affairs. Dean Herbert F. Stallworth left our campus in March to go with the State Department of Education. We miss his smile, inevitable cigar and quips as well as his ability to mesh things academic and financial into smoothly working procedures.

## Academic Studies

As Dean of Academic Studies, Gordon B. Pyle has charge of the total program of academic studies of the College. Through his devoted efforts is assured the development and continuing excellence of the instructional program and curricular offerings. Heavy budget duties also fall on the shoulders of this Dean. He has attained a high regard in national academic circles and has been off campus many times this year to address various educational conferences throughout the nation.

## Communications

Communications presents a new approach to the study of English. A syllabus by William Doster is the basic text in the first semester. During the second semester the course is synchronized with the social sciences and the student works in both areas for knowledge and skill of expression. Operating on an experimental basis in attempting to best meet the needs of the students, this course has stirred much interest among educators.

## Mathematics

The freshman who boldly and bravely ventures into math soon finds himself enmeshed in a frustrating or exhilarating game of numbers, graphs, logarithms and statistics. Those emerging successfully go on to higher levels in the field of mathematics.

## Physical Science

Highly involved technical terminology soon becomes a way of speaking with the students who toil in this area. But it was worth all the year's efforts when they could speak so glibly while viewing Colonel Glenn's flight—while those about them sat in awe of Glenn's and their achievements.

## Student Personnel

Dean Charles H. Walker

Orientation, extra-class activities, student aid—are merely parts of the burdens of Dean Charles H. Walker. He promotes sound relationships with other colleges; but mostly his duties are with students. The complex system of clubs and organizations are under his supervision. Though the College stresses academic achievement, the value of extra-curricular and social activities is not overlooked.

Jo Major

Sam J. Baptista, Director  
*Division of Student Welfare*

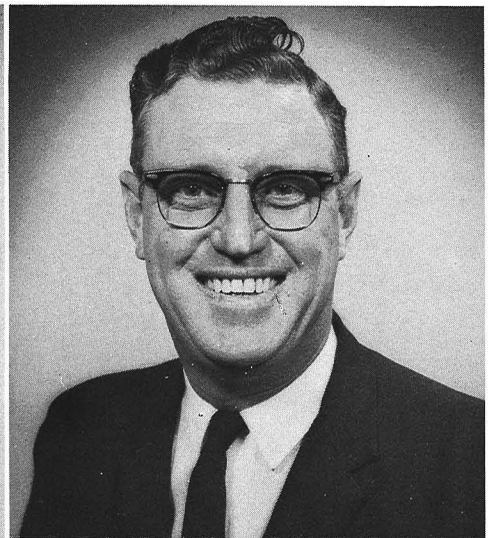

Sam Baptista assists Dean Walker. As a result of his speaking engagements at civic affairs, he has brought a number of outstanding scholarship stipends to our students.

Two *firsts* arrived on campus this year. FALCON TIMES, the College newspaper, came out with Vol. 1, No. 1 on September 14, 1961. Raleigh Mann is editor of this biweekly. Barbara Garfunkel is faculty adviser. THE FALCON 1962, the College yearbook, appears as Vol. 1 this year. This student publication with Joel Suarez as editor, has Chris Steers as faculty adviser.

The Student Center, where chess seems to be in constant play and students congregate in numbers

that threaten its very beams at such events as the World Series, Astronaut Glenn's orbit flight and sometimes just a soap opera, has Betty Bishop as hostess. Evelyn (Sadie) Hawkins, secretary to Mr. Jeter, plays a big part in assisting student activities. Harry Jeter has worked closely this year with the students in forming a number of new organizations on campus and directing those already established in their seemingly innumerable drives, sales and campaigns. Pretzels, anyone? Wanna buy a slave for an hour or two?

## Division of Guidance

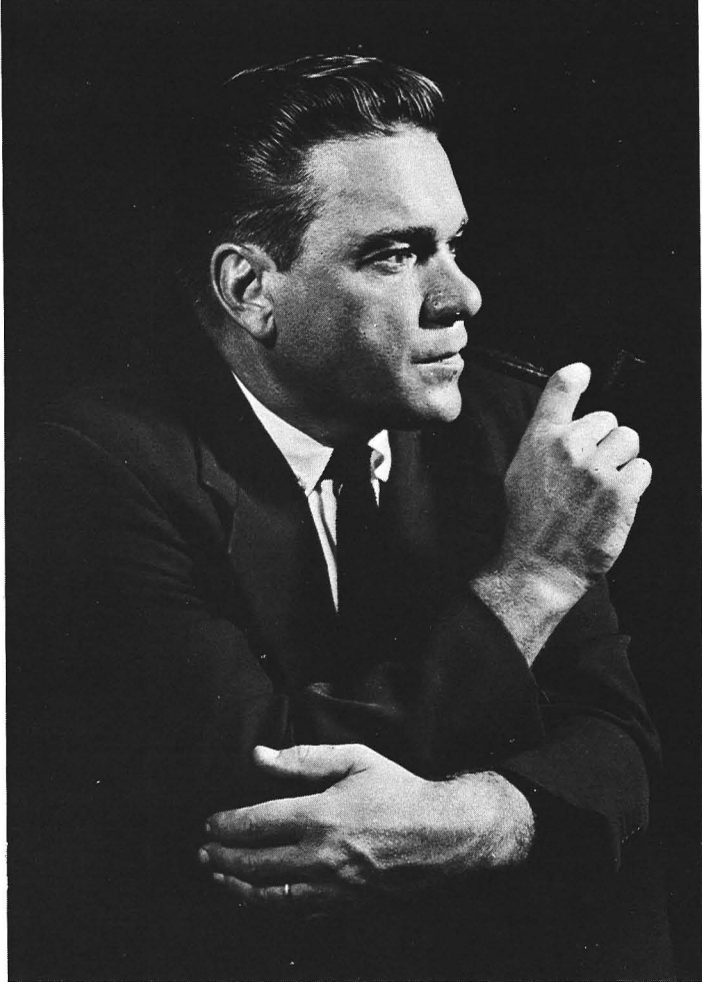

Guidance Center in the southeast corner of Administration is a realm within itself. Here are carried on the counseling programs; academic, vocational and personal—planned and administered by Dr. Erwin Stasek. Here students find there is nothing unique about having a problem, almost everyone seems to have at least one. The Guidance Center has served as an anchor to many students having to make decisions, decision, decisions. Occasionally laughter emanates from the Center, indicating that where there are problems there are also solutions.

Dean Jack R. Netcher

Jack R. Netcher, Dean of Central Center, effervescent, indestructible, is responsible for the maintenance of the plant, all fifty acres of our "Dust Bowl." He also has charge of facilities for the instructional program and serves as the "Grover Whelan" (minus the white gardenia) of the College, greeting visiting dignitaries and student groups.

## Office of the Registrar

Evelyn H. Pringle, Registrar, has charge of admissions, registration, scheduling, records and educational advisement. She alone seems to know the secret answer to: Why must we have our finals at night? With her capable staff she engineers hundreds of stocking-clad DCJCers through the labyrinth of registration twice a year.

# CLASS OF 1963

Ron Johnson—Class President

After frantically searching for the right “studio,” the added confusion of sales and fees, we gathered together our bewildered senses and realized that we were part of D.C.J.C. . . . We had a lot to learn . . . Bring your IBM pencils to class . . . Don’t forget the eternal grading system, R-W/4 . . . We went out for all the interest clubs . . . The race for class officers came . . . election posters hung from everything . . . SCAT tests brainwashed us . . . Will I ever become a senior? . . . Time out for the big dance at the Dupont Plaza . . . Play tryouts . . . Athletic tryouts . . . Even time for class . . . The exam couldn’t be that hard, it’s multiple choice . . . Exam over . . . It wasn’t *that* hard; it was harder . . . Christmas at last . . . time for rest . . . Back to work . . . More exams . . . Another dance . . . Hopes amid aches and groans . . . The Prom, but not for us . . . The year’s over . . . Another summer . . . Time to think about next year; but not too hard.

# IN MEMORIAM

Died  
February 23, 1962

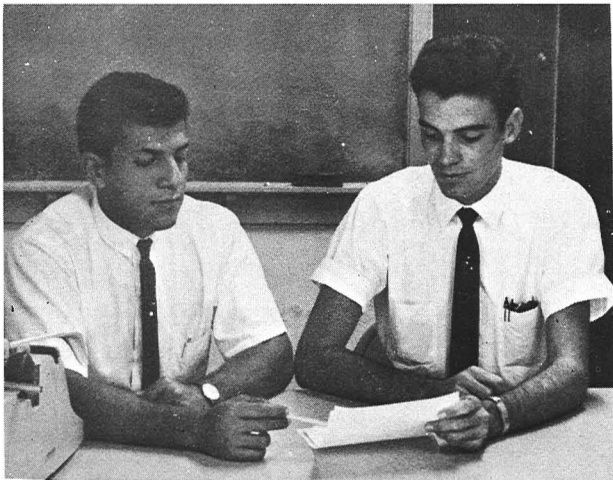

Lahey, Robert A.

# CLASS OF 1962

Sophomore class officers are Anne Harbaugh, secretary; Elena Napoles, treasurer; Henry Townsend, vice-president; and Steve Herzfeld, president.

Bern Levine and Pete Quincy are members of the Ways and Means Committee.

HERE WE ARE . . . DIGNIFIED SOPHOMORES . . . Dade no longer looks like a maze as it did last year . . . We see familiar faces midst the dust . . . Class elections came . . . and went . . . four of our best were elected . . . all throats were hoarse as we cheered the Falcons to victory . . . Prom date gets nearer . . . We eagerly look forward to next year . . . FSU, U. of F. or perhaps U. of M. . . . Spring- fever hits us as exam time rolls around . . . How we wish IBM would go out of style . . . what dreamers we are . . . One rush party after another . . . Study and more study . . . Just think, away from home next year . . . Prom time around the corner . . . It's time to pack "woolen undies" . . . Gainesville gets cold . . . so they tell us . . . It's fun to be in Miami . . . Goodbye cruel world . . . we're off to study away from Miami . . . Mom's cooking isn't so bad after all . . . but ambition (and family) urge us on.

## Student Government

All things considered, Dade Junior College's first Student Government has done a fantastic job. True, we spent our first two years rattling around in wooden portables, but when officers were inaugurated in March of 1961, they began to work immediately for improvements.

Our Student Government is patterned roughly after the Federal Government and includes Executive, Legislative and Judicial branches, which work in conjunction with a Student Senate and a Cabinet.

There are more than forty students who work in the various phases of activity, and during the embryonic stages of DCJC's creation they accomplished a great deal.

Much of the work done by the Student Government was in the area of laying down the fundamental procedures under which it would operate in the future.

SENATORS. *Fourth Row:* Peter Quincy, Henry Paul Townsend, David Moss, George Waas, Mike Sadler, Edward Lewis, Frank Natter, Harry Jeter, Advisor. *Third Row:* Mel Sandberg, Tom Valerius, Anne Harbaugh, Nancy Stump, Loren Midgett. *Second Row:* Sharon Tombley, Secretary; Susan Smith, Paul Daruna, Jim Taylor, Gene Rottler. *First Row:* Sherry Rawls, Sanford Klein, Steve Hertzfeld, Jack Kutz.

The Senate, with the aid of the other branches, drafted a Constitution, set up a Traffic Code, Dress Code, and created a Security Patrol and initiated an Inter-Organizational Council to coordinate and advise the manifold organizations which enhance student life.

Student Government was responsible for making clubs and fraternities legal. It was responsible for legislation which permitted bermuda shorts on campus, an unusual liberty in a state-county college.

The work done by our first Student Government Association (many members of which had no prior experience in the field) laid a firm foundation on which to erect the brilliant future we all expect from Dade County Junior College.

# Court

During the summer of 1961 a committee led by a student senator and a Metro patrolman, among others, foresaw our parking situation and drafted the present traffic code. In the fall of 1961 the code was adopted by the Student Government. The system is the responsibility of the Dean of the Center and is administered through the Chairman of the Traffic Court and the Captain of the Security Division. The Traffic Court is divided into four branches; Defense, Prosecution, Associate Justices, Court of Records. Dade County Junior College is the only college or university in the State in which the traffic system is operated by students.

*What is your plea, guilty or not guilty? . . . Guilty. That was my lawyer's advice.*

*Yes sir, I realize I don't have a sticker on the rear window but . . . Sorry son, that will be one dollar.*

In order to control our rising traffic problems on campus, the Security Division was organized. Realizing the needs of our growing college, Officer Charles Swift quickly initiated plans that were soon to provide maximum results. The division issues tickets for all traffic violations and refers cases to the student court. The Security Division also serves during evening classes.

Our Security Division and its rules and regulations have been a model for other junior colleges in this state. The Division was studied by the state board for junior colleges earlier this year. Many of our ideas were adopted for use in other schools.

## Inter Organizational Council

Activities Committee: Larry Fine, Lynne Beck, Jerry Parnes.

With the growth of clubs and special interest organizations and their attendant activities, the need to coordinate these activities also grew. To fill this need, the Inter Organizational Council was formed. The IOC Charter was drawn up by a charter committee and approved by the member representatives. The Charter provided that the IOC would be an advisory body, not an authoritative one, and that its primary function would be to coordinate the activities of its member organizations.

## Varsity Club

The Varsity Club was organized to recognize the outstanding members in our sports program. Any man who earns a letter in varsity competitions is eligible to belong to the Varsity Club. The Club's prime purpose is to encourage and promote interest in collegiate athletics. During the school year, Varsity members sold advertisements for the basketball brochure, sponsored dances after basketball games, and promoted and supported all athletic programs of the college.

# Cheerleaders

The cheerleaders of D.C.J.C. are an organization of six young ladies bent on promoting school spirit throughout the year. They actively participate in all school athletic events and pep rallies. Our cheerleaders have shown much enthusiasm during the past two years and it has not always been an easy job. The girls are chosen through open competition at the beginning of each year. They are picked for spirit, appearance and agility. The cheerleaders have provided support on road trips as they have travelled to many junior colleges in the state along with their advisor Prof. Maria Hornor.

The Orchesis Club of Dade County Junior College is almost one year old. This modern dance club was organized by Professor Mary Dagraedt. This organization was created to give interested students a chance to participate in modern dance activities. Modern Dance is a form of the dance in which expression through movement is emphasized. Orchesis provided half-time entertainment at a Dade basketball game in January. This club plans to give a Modern Dance Spring Concert in April. Some of the members of Orchesis will also participate in the operetta "Naughty Marietta," sponsored by the chorus.

## Folk and Social Dance

The Folk and Social Dance Club was organized in September, 1961. The aim of the club is to provide its members with an opportunity to develop grace, poise, and self-confidence in dancing, and to provide active fellowship among its members. The dance group has put on numerous demonstrations during the year and has participated in a number of social events.

The officers of a club are its mainstay. Stanley Kensak (center) President, provides good judgment and leads his group well. Other officers are *from left to right*, V. Pres., John Mulcahy; Hist., Carol Fosset; Sec., Sandy Carter; and Treas., Jim Kutz.

Physical Education Majors, PEM Club, was organized to foster a concern for progress in health, physical education, and recreation education. To advance the standards of the profession, they cooperate with the state and national education associations. They cultivate interest as well as social and professional cooperation among members.

## The New Jewish Organization

At the beginning of the 1961-'62 school year several students of the Jewish faith decided to establish a social and cultural group which would promote greater unity and spirit among their members. This call was answered by students expressing a desire to see more cooperative activities among the members of their faith. They have seen success in their first project, selling pretzels on campus every Wednesday. At present, plans are being made to apply for membership in the National Hillel Association.

*President, Frank Natter*

*Esther Hockstein can be seen every Wednesday peddling her oversized pretzels. She and the other members of her club have made these goodies into a campus institution. If you don't have a pretzel, you're nowhere.*

The Baptist Student Union at Dade Junior College was organized November 7, 1960. It was the first organization to be officially recognized on campus by the Student Activities Committee.

Baptist Student Union membership is open to all interested students who share ideals in furthering religious inspiration. Baptist Student Union sponsored several inspirational meetings and joined with the University of Miami Baptist group in various social activities.

## Methodist Student Fellowship

*President Harlan Foss*

The Methodist Student Fellowship was organized in October, 1961. This group is a religious-service organization. It is religious primarily because of its affiliation with the Methodist Church. The religious and service aspects are interwoven in stimulating and strengthening the moral fibre and integrity of the students. It is service in that it attempts to aid in the maintenance of a proud college spirit. In November, 1961, they sponsored the Palmetto Players, a high school group, in their production of *The Ladder*. In December they caroled for the shut-ins in the North Miami area. In January, 1962, they ushered and provided information for the Spring Orientation for freshmen and in February they held a square dance at Opa Locka Methodist Church.

# Cardinal Newman Club

Cardinal Newman Club with the largest membership on campus strives to guide its members in the religious, social and intellectual aspects of their lives. They are always willing to lend a hand in campus and community activities. They provide a tutoring committee which any member may avail himself of whenever necessary. Also, in the intellectual line, they arranged for the presentation of *La Traviata*, a Metropolitan Opera production, to the members of the faculty and the student body. This presentation was a definite highlight of the year.

Fourth Row, left to right: Jim Bontatibus, Vincent Fasso, Tony Martinez, Chuck Bush, Joe Koger, Tom Vernon, John Muncey.*

Members of the Cardinal Newman Club participate in many campus social and religious activities. In the early part of the year they built a Gazebo in which they sold yearbook subscriptions, pizzas, etc., the profits of which went to needy families and carried out their plebe day program. This Gazebo may be rented by other organizations on campus. The members also give of their time in the aid of Cuban Refugees, transportation of priests and nuns and donate clothing and food to orphans.

## Omicron Epsilon Omega

Omicron Epsilon Omega is a co-educational organization made up of students majoring in fashion design and merchandising. Their activities vary from social to service, as this year's program shows. The members helped promote school spirit through the sale of pom poms at all varsity athletic events. They provided civic support through the gifts of food baskets to needy families over the Christmas Holidays. Their social activities were in the forms of social teas and a fashion show in which members displayed their creations.

# Delta Omega Pi

Delta Omega Pi is a men's service fraternity founded on the Dade Junior College campus in 1961. It consists of young men majoring in electronic engineering. Members of this service organization also take part in various social functions during the school year. Their primary purpose is to learn as much about the electronics field as possible in order to prepare for their elected major. The members also published a Campus Calendar featuring pictures of both sorority and fraternity members.

# Kappa Omega

Kappa Omega, formed toward the end of the 1960 fall semester, became the first social sorority on campus. They seek to cultivate a more enjoyable social life for the members of their group and others and to prepare their members for future success through the experiences they gain from working with a large but closely knit group of women. They have had rummage sales and parties to make money and at Christmas 1961 they were Santa Claus for a needy migrant family. They also caroled for orphans and older people at Kendall Home.

Eleven members formed Tri-Chi early in September, 1960, and were granted a charter in 1961. Tri-Chi members participate in all forms of student government, athletics, and lesser activities. It is Tri-Chi's contention that collegiate social activities are a necessity and that as many students as possible take part in them.

Tri-Chi has sponsored dances and social events in the past with the emphasis on collegiate entertainment.

## Falcon 1962 Staff

If you don't know what the toughest job in the world is . . . WE do! In September, 1961, a tough, hard-core group of fanatics banded together with the sole purpose of getting Dade Junior College's first yearbook under way. Progress was slow in the beginning because we had so much time. It was the same old "Hurry up and wait" story . . . or so we thought. As time progressed, the yearbook staff took on the finesse of an epileptic steamshovel. There was so much to do and so little time to do it. Tempers flared, people rushed, and our coffee pot ran overtime. The deadline was exactly that . . . a long dead line of people, pictures, and layouts. How we ever made it we'll never know, but you're looking at the finished product.

## Retrospect 1960-1961

Remember When we first started with only 200 students and five full time professors at the Northwestern Center of Dade Junior College? Would it surprise you to know that progress has been made since then? That was in 1960, the year D.C.J.C. was founded. Now, in its second year, we have many more students, a larger faculty, and very high hopes of having a college campus of our own within the next year.

I remember when we only had a few organizations on campus. And the size of those organizations!! Would you believe that we only had six persons on the cheering squad. Our basketball team, in its entirety, consisted of eight men.

*The college choir, under the direction of Robert Thomas, prepares to perform at the inauguration of President Williams.*

1960 Orientation assembly of Northwestern students with Dean Charles Walker, center, presiding.

J. Otis Haywood, Jr., Assistant to the Dean of Northwestern Center.

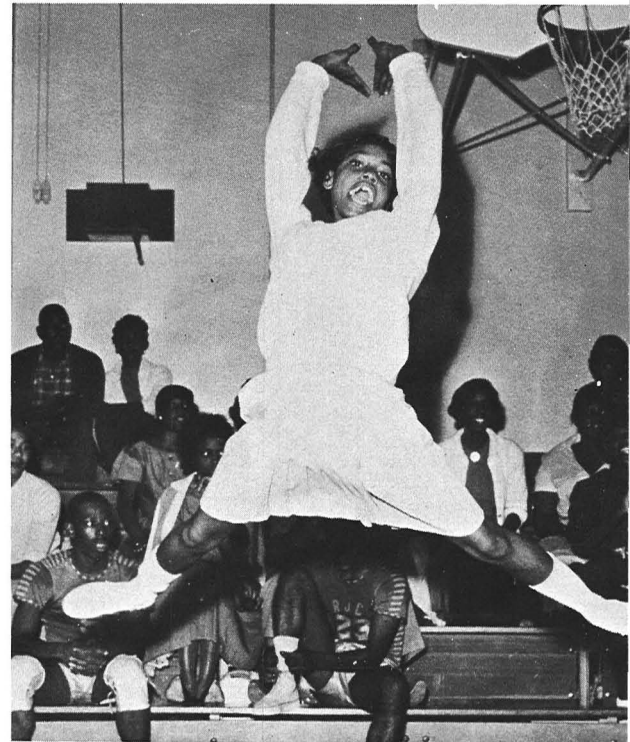

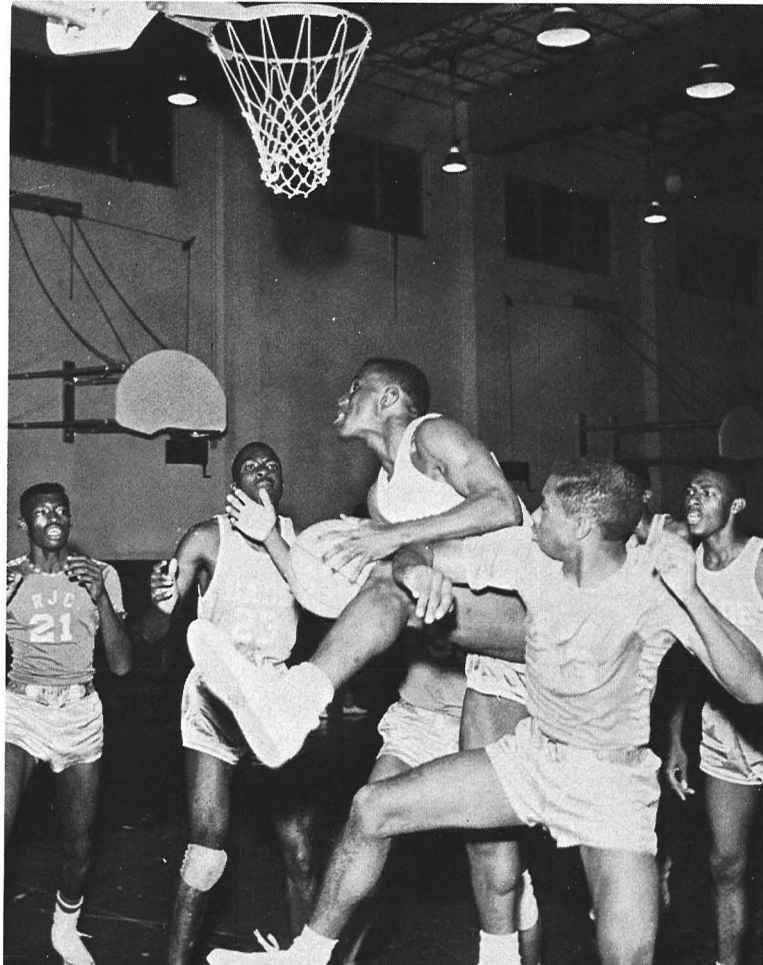

Unfortunately,  
our band was never able to render any concerts  
because there were only nine members,  
and all nine played the same instrument.  
We didn't have enough instruments  
for a full symphony performance,  
did we?  
The chorus was blessed with an abundance of stu-  
dents who enjoyed exercising their vocal cords.

I wonder  
how many students at the end of next year  
will be wondering,  
as so many of our present sophomores are,  
if the school that they are attending  
could possibly be the one they started in.  
We hope to have new buildings,  
but the same school spirit that has been with us  
throughout the past year will always  
remain with us.

## Basketball Recap

Northwestern Center's basketball team rolled to a 15-6 overall record, an 8-3 Florida Junior College Conference mark and second place ranking among the state's Negro cage squads. Coach Ray Thornton, in his debut as the Northwestern helm, combined the talents of new freshmen and holdovers from last season's first squad, to make this year's squad a winner. The Falcon featured an accelerated fast-break attack which was slowed down during the semester break when four of the five starters left school. Thornton instituted a "rebuilding" campaign and soon the Birds were winning again. George Cowart paced Northwestern in both scoring and rebounds. He scored over 18 points per game. Herman Williams and William Clark were Northwestern's contributions to the All-State team. "The Twister" ranked second in scoring with an average of 16 points per game, while Clark ranked third in total point production with a 14 point average. The Falcons beat Cocoa, 116-59 and Washington, 85-79, in the opening rounds of the tournament and, as a result of their loss to Gibbs, won the State Runnerup Trophy.

## School Life

Dances, lectures, exams, registration, athletic events, profs—all were a part of our year. From these, memories are formed—pleasant memories—for that is the way of our school. We've built on the firm foundation established last year by our pioneering students. Just about everything has improved

with the aging of one year. The flagrant exception was registration. There doesn't seem to be much hope for improvement there. Our horizons widened. We no longer think of what is happening to us, but we think of what is happening in the world as well. We participate in many events, for the time when we shall be thrown into the world. This has been *our* year.

Our activities were too numerous to mention them all. We read, we spoke, and we acted. We studied and we played. Our academic and social lives were slowly mixed until one was the other—the two were inseparable.

# Awards

One of the year's highlights was the presentation of awards at the Hampton House. Outstanding athletes were presented with their awards at one of the year's most lavish events. The affair was attended by local celebrities and various college officials. The featured speaker was Rudolf "Bunky" Matthews.

## Cage Season Great . . . 18-8

Hot, cold, then hot again . . . that's the way the 1961-62 Falcon basketball team performed. The Birds opened in fine form, grabbing the St. Leo Invitational Tournament Championship and breezing to six straight victories. Then came January, and defeat. Loyola's Freshmen were first to beat Dade this year, as they nipped the Falcons, 65 to 63. Pensacola added insult to injury with a 76-73 verdict over the same Dade squad which had literally run the Pirates off the court in two previous contests. Dade shook off what appeared a mild slump with a 79-76 exhibition victory over the National team of Peru, played before the largest crowd in our two year history. But losing days were far from over for the Falcons as they were battered by the University of Miami freshmen, 89-69, in their worst defeat of the season. St. Leo helped increase Dade's longest losing streak (two games) with a 98-96 overtime win. A 100-99 victory over St. Petersburg and 87-84 upset loss to Manatee preceded the Falcons longest winning streak ever. The Birds downed seven straight opponents, including Orlando twice, Stetson's freshmen twice, Brevard, St. Petersburg and St. Leo, before losing to Miami's freshmen for the second time this season, 72-71. The BIG game in that string of seven victories was a 70-55 drubbing of arch-rival St. Leo for the Florida Junior College Conference Southern Division championship. The team made strong appearances in both of its post-season tournaments.

In the State Tournament, Dade sped to the finals, with wins over Gulf Coast (72-62) and Pensacola (92-81), only to lose the State Championship to St. Leo, 67-62. The Falcons advanced to the semi-finals of the Region 8 Tournament by beating Norman JC, 54-44, but were dropped by Young Harris JC, the number one team in the nation, 66-51. The Falcons featured a balanced attack, adequate bench, and expert guidance from Jim Harley, 1961-62 Florida Junior College Coach of the Year, and his assistant Bill Alheim. Three key men, sophomore All-State center Jack Wilder, freshman All-State and All-Region forward Letson Plant and soph guard Bob Paterson, triggered the Dade scoring machine which tallied 2020 points for an average of 77.7 for 26 games. Wilder figured as the big man, copping honors in rebounds; total points, 424; average, 16.3, and breaking last year's records with 23 points in one half and 36 points in one game. Bruce Meade was a late comer in scoring, while Tom Gaylord thrilled fans with his ability to steal the ball. There were very few opponents who could out-jump John Sheridan. Joe Keefe, Phil Caprio and Steve Kallio provided surplus strength. Hustle and desire paid off for Dade's Falcons, as they compiled a 9-2 Conference record, and a season's mark of 18-8.

# Dade's Netmen Inexperienced

Hampered by lack of experience in competition, Dade's tennis team fared better than expected against tough competition. David Orr and Bernie Drucker, Coach John Moore's number 1 and 2 men, respectively, consistently took the brunt of opponents' attack. Tom Gaylord, Tobey Hockett, George Orfely and Howard Smith also saw considerable time on the hard courts. In their season opener, Dade's netters were blanked by the University of Miami Freshmen, 7-0. The Falcons finally broke into the scoring column against St. Petersburg JC but fell to the 1961 State Champs, 6-1, with George Orfely managing the only Dade victory. Hard luck was a constant companion of the 1962 netters.

# Gymnasts Maneuver Smoothly

Dade's gymnastics team enjoyed a successful season, despite numerous setbacks and disappointments which hampered coach Dick Gutting and his acromen. The squad performed best when at full strength, exemplified in their first meet which brought Dade the Gold Coast AAU Championship. With leading performer Julio Garriga declared ineligible and Don Maples, Dade's best all-around performer, dropping out of school, the acromen dropped their first collegiate match to Florida State's varsity gymnasts, 92-58, and placed fifth in the Georgia Gymnastics Festival at Atlanta. Hallmarks of the season included competing in the United States Championships in Georgia and Florida AAU Championships at Gainesville. Jerry Church, team captain and an all-around performer, John Williams, tumbling, and Lenny Glick, side horse, consistently paced the Falcons in all meets. Other varsity gymnasts include Alan Crawford, long horse and free exercise, Don Hillman, Al Redlhammer, and Ronald Mitchell.

## 1962 Cindermen Pave Way

Dade's 1962 track squad gave indication that the Falcons have a bright future in track and field. Coach Everett Holt was elated over the Birds' showings in numerous AAU meets, which also drew the University of Miami Athletic Club, Florida A&M and strong independent stars as competition. Although Dade came in last in the team division of the AAU meets it competed in, the Falcons profited from running against superior competition. Dennis Mack played a key role in the inaugural cinder season.

## Cross-Country Harriers

Dade's inaugural cross-country team, which was not to be formed 'til next year but started out this year because of enthusiastic support, established the Falcons as a harrier power. Paced by Gary Hayes, Dennis Kelly, Bill Opperman and Andrew Watson, the Falcons rolled over the University of Miami and University of Florida freshman teams. The Dade men placed second to Pensacola in a triangular meet with PJC and Florida, and recorded three first place finishes and one second place finish for the season. Coached by Track mentor Everett Holt, the squad also featured Bob Downey, Lester Preiss, and Bobby-Ray McDuffie. Kelly recorded the best performance of the season, running the 2.9 miles course in 13:33.

Cross-country runners Gary Hayes, Dennis Kelly, Bill Opperman and Bob Downey paced Dade in distance events. Manny Hahn, Neil Fligner and Bill Andrews were tops in short distances. Mel Sandberg, polevaulter, was a late-starter but regained his form and timing in mid-season with a vault of 12'-6". Bruce Fairman, Al Smith and Ira Corliss led Dade in field events. The Falcons were victorious over the University of Miami, 67-61, in their first dual meet competition of the year.

# Golfers "Go on Green"

Bursting with potential, Dade's golf team enjoyed a fair inaugural season. Dennis Rouse and Rick Frederking were consistent low-shooters for the Falcons, turning in a number of near par performances. Coach Guy Childers also relied heavily upon Mike Allen, Harry Besselink and Lothar Scholl to carry a major portion of Dade's link attack. The Falcons opened their season by being whitewashed by Florida's frosh, 18-0. The Birds split a Florida Junior College match with Central Florida, taking the first meeting 15½-21½ and losing the second contest 9½-8½. Florida State's frosh downed Dade, 16½-11½ and DJC split with Florida Southern's JV, winning 16½-11½, losing 9½-8½.

# Swimming Team Undermanned

Dade's swimming team was dunked three consecutive times before tasting victory. The aqua-Falcons lost to the University of Florida freshmen swimmers, 58-28, Tulane's frosh, 48-42, and the University of Miami freshmen, 52-38, before defeating a highly regarded Ransom School team, 47-42, in an exhibition match. Because of no depth, the squad could not have the successful season it had the potential to claim. Bob Weible, Bob Keiser, Phil Specht and Walter White were Dade's bright spots in a dull season. Weible gained several first places in the 100 yard backstroke, and combined with Keiser, Specht, and White to make Dade almost invincible in the 200 yard freestyle medley. Bob Karl, an individual medley performer, diver Al Redlhammer and Richard Campbell also splashed for Coach George A. Gager's natators.

## Diamondmen State Champs

Dade's 1962 baseball squad had experience and personnel any professional team would welcome. Head Coach Demie Mainieri lured some of the bigger names of the county's baseball talent and the result was almost-instant success of Dade's diamondmen. Dade's early season play tabbed the Falcons as a strong contender for the Florida Junior College State Championship. Paced by the hitting of All-American catcher Joe Taylor and pitcher-outfielder Jerry Dorsch, and the pitching mastery of Dorsch, Eric Wanderon, Terry Williams and Ken MacKenzie, the Birds rolled over 12 of their first 15 opponents. Pat McCauley, first base, Nelson Mitchell, second base, Bob Schoen, shortstop and third baseman Jack Corbitt provided the Falcons with an alert, quick-responding infield. Corky Quinby, all-state center-fielder, Bob Ribinski, Eason Butler, Richard Hersh and the versatile Dorsch all displayed excellent glovemanship and strong arms while roaming Dade's outfield. The bullpen was well stocked with experienced personnel which included Callum Peltz, 1961 strikeout king, Lee Logan and Reno Hernandez. Reserve catch Chuck Helm and utility infielder Bob Starling saw part-time action. Even before the diamondmen had reached the halfway mark on this season's schedule, several 1961 records had already been eclipsed. Jerry Dorsch fanned 15 while breaking Cal Peltz' "old" strikeout record of 13. Dade chalked up its first victory over a four-year college varsity with a 7-6 win over Ohio State, an 8-5 conquest of Connecticut Wesleyan, and a 10-1 drubbing of Florida Southern. In that Ohio State victory, Dorsch hit Dade's first grand slam homerun in history. The Falcon's jumped off to an early lead in the Florida Junior College Conference with victories over St. Petersburg and St. Leo. Also rating among the "firsts" of the 1962 campaign were Dade's games at Miami Stadium.

## SLP Paces Men's Mural Play

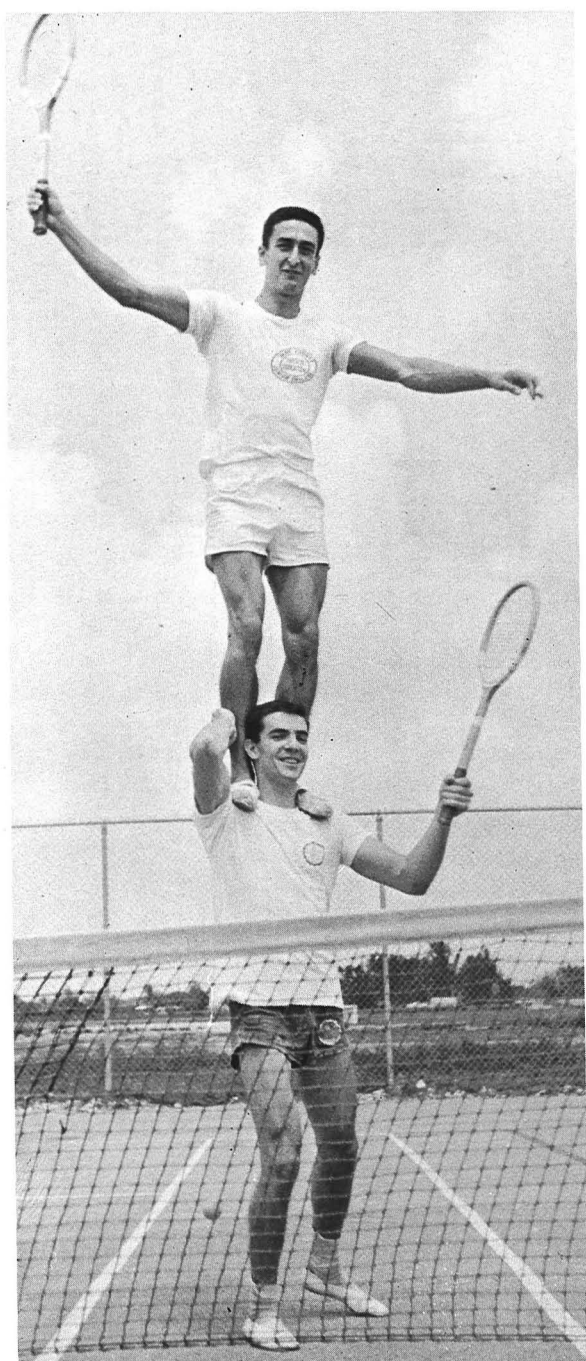

Under guidance of Intramurals Director Guy Childers, Council President Marty Rubin and Vice-President George Orfely, Dade's 1962 Intramural Program had a banner year. The program offered novice athletes an opportunity for recreation and instituted a feeling of competition among participants. 1961 Murals Champions Sigma Lambda Phi seemed destined to claim its second straight title. Newman Club and the independent Roadrunners tied for the football championship, Varsity Club and Sigma Phi Upsilon tied for bowling honors, while SLP ran away with the volleyball, tennis, table tennis, and basketball crowns. Other participating organizations included: Kappa Lambda Chi, Collegiate Civitan, Tri Chi, and independents (Hawks, Falcons, Norland Raiders, Bonnevilles and Unscorables).

Members of the Graduating Class--

Starting off together just two years ago, we have pressed forward together toward the realization of many of our long-nurtured hopes and long-range goals. Probably never again in our College's progress can the members of the graduating class be considered so much an integral part of the institutional team.

I should like to extend appreciation to each of you for your abiding spirit of determination and patience in dealing with the large number of difficulties and inconveniences inherent in our "newness" as an institution of higher learning. You have not allowed the lack of tradition or precedent to hamper your progress; and you are to be congratulated for rising above the many frustrations of our fledgling, temporary campus.

We know that the feeling of camaraderie, interest, and mutual concern which has been characteristic of our association will continue as you assume alumni status. Just as we know that you will continue to maintain a healthy interest in our progress and expansion as we move to our new campus site--know that we, too, will continue to follow with interest and concern your progress as you move onward, whether to further educational pursuits, to industry, or to other fields of endeavor. Our admiration and best wishes go with you.

  
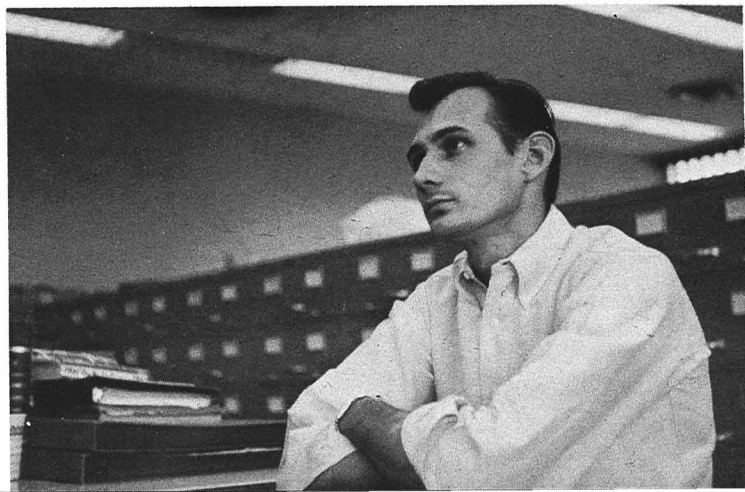

Kenneth R. Williams  
President

We, the first class of lowly frosh, came grudgingly in the beginning. We came, though, for we wanted a college education. And when we arrived, our reluctance slowly ebbed away. Most of us knew what it was like to be frustrated; to want to attend college more than anything else, and to be halted by financial limitations. When Dade County Junior College was born, we were reborn. A new future now lay ahead of us, a future built upon the foundation of a college education. You who follow will have a modern campus. We attended classes in studios and in classrooms borrowed from the public schools. We complained, but we stayed. We stayed, and we studied, and we learned enough to whet our appetites for more knowledge. Most of us will continue our educations at higher institutions. The rest of us will enter jobs in industry for which we have been trained during these two years. We know that our lives will be more useful, more rewarding, and more secure than they would otherwise have been. We are grateful for this opportunity, and we hope that you possess the perception and the humility to join us in that gratitude.

# LAST WORDS

Steers dropped the bombshell—Joel Suarez, you are editor-in-chief of Falcon 1962 . . . dictionary says bird: trained but never tamed . . . good definition for the staff. Formalities over, we went to work . . . those grueling night sessions . . . we thought of many other things we'd rather do . . . and those Saturday all-day sessions we came to dread. We soon loathed hamburgers and if we never see another sugar coated doughnut it will be too soon . . . we'd gladly eat candied ants for a change. Staff spy always on lookout for me . . . signal of approach, staff suddenly busy. Unsuspecting Little Me. Problems, problems, problems, . . . Steers is humming again, trouble brewing . . . Brooks coming down from Atlanta. Charlotte, our speedy typist . . . ten words per minute, including errors . . . What? You typed copy with carbon in backwards. It's all right, we'll just send a mirror to the printer so he can decipher copy. Subscriptions . . . grand total—one: buyer? circulation editor Sandy. Beck, Organizations editor . . . identifications missing . . . is clubbed to death. Cal and Al . . . play ball, swimming? strike one? underwater basketweaving? strike three! Can I register my car? Security Patrol is next door. Unbelievably, we've apparently survived our year of servitude to Falcon 1962 . . . trained but untamed . . . and so on to Opa Locka.

JOEL SUAREZ  
Editor-in-chief

We've gone to press. The weight is lifted—we can stand erect again . . . bloody but unbowed. Let's render unto Caesar what is Caesar's. Synonym for yearbook is Steers, Chris: you have driven us like a Legree, soft-soaped us like a Barnum and advised us as a Mencken. We thank you, for without your wit we would have faltered; without your sarcasm it would have been easy to quit. Besides, you hum a beautiful staccato. Next hats off to our editor-in-chief Joel Suarez. You can see what a strain he's been under . . . a week before deadline he shaved his head . . . Unnecessary . . . this staff doesn't believe in capital punishment—we just let you work yourself to death. Staff takes pride in what you have done . . . also feels guilty that you have had to do so much work yourself. All grateful that you will be back next year on the old treadmill—or is it merry-go-round? Lots of headaches but it has been worth it. It's also been fun in a sadistic sort of way. We hope our readers get as much pleasure from perusing Falcon 1962 as we have from working on it.

THE FALCON 1962 STAFF
