

**ARTICULATION AGREEMENT**  
**Between**  
**MIAMI-DADE COMMUNITY COLLEGE AND**  
**DREXEL UNIVERSITY**

Miami-Dade Community College and Drexel University enter into this agreement in order to facilitate the admission of students into the Business, Engineering, Information Systems, Allied Health and Nursing Co-op programs at Drexel University.

This agreement facilitates admission to Drexel, with third year status and equal standing with other Drexel students, to Miami-Dade Community College graduates earning the appropriate Associate degree under the conditions specified below. A full-time student thus admitted will be able to complete the requirements for the bachelor's degree at Drexel within eleven quarters (assuming that no remedial or repeated courses are needed and all applicable Drexel grade and other requirements are met).

Students who complete the Miami-Dade Community College courses specified in the "required course equivalencies" section of this agreement are guaranteed the transfer credit for courses indicated in that section. That section also indicates that they will have met the majority of Drexel's core curriculum requirements as well as some of the requirements of their degree program. Courses not listed there, but brought into Drexel on transfer by a student covered by this agreement, will be granted credit according to standard Drexel-Miami-Dade Community College equivalencies and applied to Drexel requirements, if possible, in accord with the intention of this agreement.

This agreement does not cover students who transfer from Miami-Dade Community College without earning the Associate degree.

**JOINT RESPONSIBILITIES FOR MAINTENANCE OF THIS AGREEMENT**

Each institution will maintain and distribute information about the current form of this agreement, and any changes relevant to it, to students, counselors, and faculty advisors.

Drexel University will keep appropriate Drexel offices and staff (including the Provost's office and Admissions office) informed of this agreement and any modifications thereto, and will be responsible for distributing information concerning any changes.

Both institutions will encourage Miami-Dade Community College students to meet with representatives of Drexel University to discuss issues related to admissions and financial aid well in advance of their expected date of entry.

Faculty from each institution teaching in the curriculum for which this agreement has been developed will be encouraged to meet to discuss issues of curriculum and student development.

**REVISION, RENEWAL AND TERMINATION OF THIS AGREEMENT**

Drexel University and Miami-Dade Community College are responsible for identifying, and communicating to each other, changes in their respective courses, requirements, or policies that affect this agreement.

This agreement will be in effect as of January 1, 2002 and will be reviewed every three years by Drexel University and Miami-Dade Community College, and will automatically be renewed until superseded by a new agreement or formally terminated. Revisions in the course equivalency lists may be made with the verbal consent of the representatives of the two schools; major revisions to this agreement require their signatures. Either institution may terminate this agreement at any time by written notice at least one year in advance of the effective date of termination. Should this agreement be terminated, it is understood that the termination will not apply to students already accepted to Drexel University under the terms of this agreement, but not yet enrolled in classes at Drexel.

Miami-Dade Community College and Drexel University understand that they shall act in an independent capacity in the performance of this agreement, and shall not be considered as employees, agents, affiliates, or subsidiaries of each other. Neither department has the right to bind or obligate one another in any manner inconsistent with or unrelated to this agreement. This agreement is governed by the laws of the Commonwealth of Pennsylvania.

**TERMS AND CONDITIONS OF ADMISSION TO DREXEL**

1. The Miami-Dade Community College Associate degree must be completed with a minimum cumulative GPA of 2.75
2. Drexel University requires all of its students to complete courses required for the core or a major with a grade of "C" or higher. Consequently, Miami-Dade Community College courses equivalent to Drexel core of major courses, taken under the terms of this agreement, will receive transfer credit at Drexel only if completed with a grade of "C" or higher.
3. The Miami-Dade Community College student must meet all applicable Drexel requirements and deadlines pertaining to application for admission, payments, and placement testing.
