

**COLLABORATIVE ADMISSION AGREEMENT**  
**Miami-Dade Community College (FL) and Smith College (MA)**

Transfer students from Miami-Dade Community College are encouraged to apply to Smith College, a private, competitive, liberal arts college for women located in western Massachusetts. In order to make the transition as smooth as possible, this **COLLABORATIVE ADMISSION AGREEMENT** details guidelines for admission and credit.

A good number of talented students have transferred to Smith from Miami-Dade Community College and we are looking forward to increasing those numbers. This Collaborative Admission Agreement serves as an advising tool by detailing some general information about transfer as well as by providing a list of courses which are transferrable from Miami-Dade to Smith.

**GRADE POINT AVERAGE**--students likely to be admitted normally have earned a GPA of 3.2 or better in the courses listed in this agreement.

**CREDIT**--Smith has no core curriculum and with the exception of one writing course, there are no specific courses to be taken toward the degree. Consequently, the transfer of credit is much simpler for entering transfers. A maximum of 64 credits (the equivalent of 2 full years' worth) is transferable. In order to earn a Smith degree, transfer students must spend at least two years, one of which must be the junior or senior year, in Northampton and accumulate at least 64 credits. Students are required to complete a major and, in addition, earn at least 64 credits outside of the major department. Credits transferred may fulfill major and non-major credit. Credit toward the major is granted only at the discretion of the department. Students wishing to enter Smith as juniors should consult the catalog to make certain that they have taken the proper prerequisites for upper-division major courses. Grades of C and above are acceptable. The current catalog details specific requirements for major departments.

No credit is awarded for independent study unless approved by the Smith College department concerned (students must submit a detailed description of completed work to the department chair at Smith for review).

**ADMISSION**--Smith enrolls over 100 transfer students each year. Transfers may enter in both January and September. The deadline for January admission is November 15. For September admission, decisions are made on a "rolling" basis. Students who wish to apply for aid for September enrollment are encouraged to apply by the preferred filing date of February 1, although the final application deadline is June 1.

**FINANCIAL AID**--Smith awards financial aid on the basis of documented need. In fact, since 1984 the College has been able to meet the documented need of all admitted transfers and will make every effort to continue this level of support. In addition, Smith awards 3 Phi Theta Kappa scholarships to traditional transfers and 2 to Ada Comstock Scholars. There is no financial aid available for international transfer students entering in January. There is limited aid available for international transfers entering in September, and their applications for admission as well as aid must be filed by February 1.

Collaborative Agreement

**ON-CAMPUS HOUSING**--a space in one of Smith's 36 residence halls is **guaranteed** for each entering transfer. Students may request nonresident status because of very unusual circumstances, but the option of living off-campus is not normally granted.

**ADMISSION INTERVIEWS**--while not required, interviews are strongly encouraged and are very helpful for both the applicant and the admission officer. If you are unable to visit the Smith campus, an alumna living in the Miami area will be happy to meet with you. In addition, when an admission counselor visits Miami, every effort will be made to conduct on-site interviews.

**LIMITED ACCESS PROGRAMS**--Because Smith is a liberal arts college, we do not have programs such as physical therapy or nursing which are often limited access programs for transfers at other institutions. There are openings for transfer students in each of the departments each semester.

**WHILE THE ADA COMSTOCK SCHOLARS PROGRAM IS NOT INVOLVED IN THIS AGREEMENT**, the sections pertaining to financial aid and credit are the same. Women who are at least 24 years old or are veterans or have a dependent other than a spouse must apply to the College through this Program. Spaces are very limited and competition for admission varies from year to year. The Program offers assistance with re-entry, childcare and housing options in addition to academic advising. Interested students are encouraged to obtain more information by writing to: The Ada Comstock Scholars Program, Smith College, Northampton, MA 01063.

This agreement was established in February 1997 and will be reviewed and possibly revised in February 1999. Coordinators for this agreement are: Rosario Roman, District Director of School and College Relations, MDCC, (305-237-3529), and Sidonia Dalby, Associate Director of Admission at Smith (413-585-2523).

The courses, listed on the following pages, are acceptable at Smith for degree credit, with grades of C and better. A comparable course with equivalent subject matter covered will not be granted subsequent credit. No credit is awarded for independent study unless approved by the department concerned (students must submit a detailed description of completed work.) If the course content of any class changes after this agreement has been written, Smith College must be notified by Miami-Dade Community College in order to review the course and possibly revise the decision about acceptability for credit.

# COLLABORATIVE ADMISSION AGREEMENT

SMITH COLLEGE

and

MIAMI-DADE COMMUNITY COLLEGE

Smith College and Miami-Dade Community College have completed the development of a **COLLABORATIVE ADMISSION AGREEMENT**.

The chief executive and administrative officers of each institution do hereby execute this agreement by virtue of their signatures as affixed below. The agreement will be reviewed at least every two years and shall continue until such time as it is revoked in writing by either party.
