

Miami Dade College (MDC)
2008-2010
College Catalog ERRATA Sheet

- Page 31: Class Schedules
 - Although the College tries to accommodate every student through a wide array of course offerings, no guarantee can be made that a student will be able to get his or her desired class schedule. Registering early is the student's best method for achieving a schedule compatible with individual needs. Once registered, the schedule of a student's classes is printed. This document also includes financial information about tuition/fees due or paid. It is advised that the student keep this schedule handy for the entire term. Students often need to refer to their schedule for important information. **Miami Dade College reserves the right to cancel classes and/or programs for which there is insufficient enrollment, to close a class when the enrollment limit in that class is reached and to make any schedule changes as necessary, including a change in time, days, credit, location, or instructor. In the event of cancellation, the College will notify each registrant by e-mail and/or by telephone and will issue a full refund. Miami Dade College is not responsible for any other related expenses.**

- Page 31: College Level Academic Skills Test (Now known as CLAS)
 - Effective July 1, 2009, the College-Level Academic Skills Test (CLAST) is no longer administered. Recent Florida legislation, [Senate Bill 1676](#), repealed the use of the CLAST to measure the College-Level Academic Skills (CLAS) set and as a degree requirement for those undergraduates seeking associate in arts (AA), bachelor of arts (BA), or bachelor of science (BS) degree in Florida's public colleges and universities. **All scores earned on the CLAST prior to July 1, 2009, are still valid.** Students who need to meet CLAS requirements on or after July 1, 2009, have opportunities other than the CLAST exam to satisfy the requirements.

- Page 34: Family Educational Rights & Privacy Act of 1974 (FERPA)
 - (1) Directory Information, which may be made public, includes the following:
1) student's name, last known address, telephone number, date and place of birth,
2) major field of study. Participation in officially recognized activities and sports.
4) Weight and height of athletes 5) Degrees and awards received. The office of the Dean of Student Services or designee will only release this information after the requestor has demonstrated a legitimate need to have such information. Students not wishing the dissemination of Directory Information must complete a statement in the Registrar's Office, otherwise Directory Information may be disclosed for legitimate purposes by the College.

- Page 49: LIST OF GORDON RULE COURSES (EFFECTIVE MANDATE-JANUARY 2007)

In accord with Florida Administrative Rule (6A-10.030) *Other Assessment Procedures for College Level Communication and Computation Skills*, Miami Dade College (MDC) designates the following courses as meeting the Gordon Rule writing component requirement at MDC:

English & Oral Communications

ENC 1101 – English Composition 1	3 Credits
ENC 1102 – English Composition 2	3 Credits
ENC 2300 – Advanced Composition & Communications	3 Credits
SPC 1026 – Fundamentals of Speech Communication	3 Credits
LIT 2120 – Survey of World Literature	3 Credits
LIT 2480 – Issues in Literature & Culture	3 Credits

Humanities

ARH 2051 – Art History 2	3 Credits
ARH 2740 – Cinema Appreciation	3 Credits
DAN 2130 – Dance History 1 (NW)	3 Credits
MUH 2112 – Survey of Music History 2	3 Credits
MUL 2380 – Jazz & Popular Music in America	3 Credits
PHI 2010 – Introduction to Philosophy	3 Credits
THE 2000 – Theater Appreciation	3 Credits

Business

ECO 2013 – Principles of Economics (Macro)	3 Credits
--	-----------

Architecture

ARC 2702 – History of Architecture 2	3 Credits
IND 1130 – History of Interiors 2	3 Credits

The following courses are designated as meeting the Gordon Rule computation component requirement at Miami Dade College:

Mathematics

*Any course with the prefix of MAC, MAD, MAP, MAS, and MGF
and

MTG 2204 – Geometry for Educators	3 Credits
QMB 2100 – Basic Business Statistics	3 Credits
STA 2023 – Statistical Methods	3 Credits

- Page 136: Biological Sciences
 - **PCB 2061**
Genetics **3 credits**
 This course provides an understanding of the mechanisms of transmission of heritable information including classical principles of Mendelian genetic analysis, principles of modern genetic analysis, gene mapping, change and regulation of gene expression. Quantitative genetic analysis, genomics, genetic basis of cell and cancer development will also be explored. Prerequisite: BSC 2010, 2010L. (3 hour lecture)

- Page 160: Engineering General
 - **EGS2311**
Engineering Mechanics Statics (With Vectors) **4 credits**
 This is a foundation course in engineering mechanics. Students learn the basic principles of static's covering resultants, equilibrium, trusses, frames, friction, centroids and moments of inertia with vector notation and calculus. The content prepares students for further study in engineering dynamics. Laboratory fee. Prerequisites: MAC 2311, PHY 2048

- Page 163: Engineering Technology Electrical
 - **ETI1802**
Industrial Plant Tools and Equipment **2 credits**
 This course provides an introduction to the major systems and components that make up a modern power plant. A.S. degree only. (2 hour lecture)

 - **ETI1805C**
Introduction to Lifting and Rigging **3 credits**
 This course provides knowledge and skills required by students preparing for careers in industrial maintenance of heavy equipment. Students learn how to determine rigging requirements for lifts, select equipment, calculate loads and safely operate different types of lift equipment. Prerequisites ETI 1701, ETI 1870. A.S. degree credit only. Special fee. (2 hour lecture; 2 hour lab)

- State Course Numbering System (SCNS)
 - State changes to MDC courses; listed by discipline
