Miami Dade College
College-wide CASSC Meeting – March 11, 2008
CURRICULUM REPORT #51

1.   School of Aviation

Delete Course: AVM 2402L   Air Lab 3
Delete Course: ATF 1000   Introduction to Flight
Rationale: Courses no longer necessary. Have not been taught for several years.
Effective Term: 2008-1

APPROVE_____**OPPOSE**_____ **MORE INFORMATION**_____

2.   School of Nursing

Change Existing Course
New Course Description
Change Course Corequisite to Prerequisite

Course Number	Course Title	Credits	Campus	Eff. Term
NUR 2810C	Professional Nursing Leadership	Variable 4 – 5 Credits	4	2007-3

Course Description: This course provides the student with the theoretical and clinical knowledge necessary for actualization of the role of the registered professional nurse, with emphasis on delegation and supervision. Prerequisites: NUR 2211, 2211L.
A.S. degree only. (2 hr. lecture; 9 hr. lab)
Laboratory Fee: $20.00

APPROVE_____**OPPOSE**_____ **MORE INFORMATION**_____

3.   School of Allied Health

A.A.S. Radiography Program Changes
Delete Courses from Program Only

Delete Course: RTE 2782   Radiographic Pathology   (Program Only)
Effective Term: Summer B, 2008 (2007-3)
Rationale: This course content is duplicated within RTE 1503, RTE 1513, RTE 2563, and RTE 2457. As a result of a JRCERT general education requirement (a college level math course---MAC 1105), the 2 credits from this course (RTE 2782) will be used to support the math requirement. The JRCERT requir4ement is that the math course be integrated into the General Education curriculum by 9/1/08. To meet this requirement, we will be implementing the curriculum change for the incoming class of 2008 (Summer B). The course must stay in the system for the current class to take in 2008-1.

APPROVE_____**OPPOSE**_____ **MORE INFORMATION**_____

Delete Course: RTE 1002   Orientation to Radiographic Clinic   (Program Only)
Effective Term: Summer B, 2008 (2007-3)
Rationale: This course content is duplicated within RTE 1804 and RTE 1513. Remaining course content is effectively covered in HSC 0003. As a result of a JRCERT general education requirement (a college level math course---MAC 1105), the 1 credit from this course (RTE 1002) will be used to support the math requirement. The JRCERT requirement is that the math course be integrated into the General Education curriculum by 9/1/08.   To meet this requirement, we will be implementing the curriculum change for the incoming class of 2008 (Summer B). This course is to stay in the system for a few students that still need to take it this summer (they missed it last summer), and for other programs that use this course.

APPROVE_____OPPOSE_____ MORE INFORMATION_____

Add Existing Course: MAC 1105   College Algebra   3 Credits
Effective Term: 2007-3
Rationale: The two RTE courses are to be deleted from the Radiography program only, effective for all students who enter the program in 2007-3 or later. The courses will still be offered for other programs in the School of Allied Health. The inclusion of General Education math course as a graduation requirement is being required by the accrediting agency.
