 Effective: July 1, 2007

General Information

Public community colleges and universities in Florida award credit for IB examinations as designated by Florida Statute 1007.27. The chart below indicates how IB credit will be utilized at MDC. In accordance with the Articulation Agreement (March 1, 1971) between State universities and public community colleges of Florida, students transferring to a public senior institution within the State are assured that IB credit will transfer when earned as a part of a completed Associate in Arts degree. However, it is the student's responsibility to contact the senior institution if any question exists concerning the acceptance of IB scores.

You may earn up to 45 semester credits at MDC through the IB examinations listed below. More information about the IB program is available at www.ibo.org.
