

# FAMILY NATURE CLUB

## **Every Second Saturday of the Month**

Hey Families! Looking to spend quality time outdoors? Put down the remote control and join us for our new Family Nature Days @ the Environmental Center! Make every Second Saturday of the month more special by joining our FAMILY NATURE CLUB. Fun and interesting presentations, demonstrations, and hands-on activities for every member of the family!

Bring your camera, a picnic lunch, and your natural curiosity about Nature!

Join our Family Membership for only \$25\* and enjoy the following benefits:

- Six visits to the Environmental Center Family Nature Days
- Materials provided for all hand-on activities
- Fish food for feeding the turtles and fish in our 3 acre lake
- Native plant seedlings for your home garden
- Monthly E-Newsletter
- Discounts on birthday parties and all classes that the Environmental Center offers

\*single month visit: \$6 per family

For more details visit [www.mdc.edu/ce/kendall](http://www.mdc.edu/ce/kendall), and select the "Environmental Center" tab on the left

**Questions? Call 305-237-2605 or email [vramos@mdc.edu](mailto:vramos@mdc.edu)**

## Second Saturdays are ALWAYS FREE and open to the Public from 9am-2pm

Nestled in one of Miami-Dade's surviving natural Pine Rocklands, the Environmental Center preserves more than 300 tropical tree and plant species and includes a three acre lake (home to a variety of fish and turtles), butterfly garden, organic garden, lake, observation dock, chickee huts, and a collection of native Florida wildlife and flora.

### Family Nature Day Themes, January-June 2010

Join us for the drum circle on January 9th!

**January 9:**

Cold Blooded Creatures: Reptiles, Amphibians, and Fish—Oh my!

**February 13:**

You Are What You Eat, live healthy by eating healthy: start a family garden at home.

**March 13:**

Water, Water Everywhere! Explore the wonders of water.

**April 10:**

Go Green! Reduce your carbon footprint and celebrate Earth Day

**May 8:**

Brilliant Bugs and Beautiful Butterflies are all a'flutter during the Spring

**June 12:**

Native Americans of Florida and living with the land.
