CLASSROOM STUDENT FEEDBACK SURVEY

Reference Number _____

Year/Term _____

This survey gives you the opportunity to express your views on how this course is being taught. Since your instructor is very interested in your opinion, please read each item carefully. This survey is ANONYMOUS and individual responses will be kept CONFIDENTIAL. Because your instructor wants to further ensure the anonymity of your responses, he/she will leave the room after the directions have been read. In addition, only the student selected for this purpose will handle the answer sheets until they are returned for processing. After the term is over, your instructor will receive only summary totals for the entire class. The summary totals for each instructor and class will also be made available to students.

Write the reference number of the course and the year/term on the top of this form. Before you begin, read each statement carefully and decide how you want to respond before you mark the answer sheet. If you are using a pencil, you can change your responses by erasing completely.
