

How to register @ www.MyMathLab.com

First time users:

- 1) Before you begin you must have
 - a. **An access code.** This code came packaged with your book if you bought it new. If you purchased a used book, access codes may be purchased through the bookstore or online during the registration process
 - b. **A Course ID.** Your professor will provide the course ID. It is your professor's last name followed by 5 digits.
My courseID is _____
 - c. **A valid and active email address.**
 - d. **The school's zip code - 33030.**
- 2) Once you have these items, go to www.coursecompass.com, click on "register" under students (you may also use www.mymathlab.com . There will be an additional screen where you should choose "register" under students again.)
- 3) You will see a series of screens that ask you for your access code, course ID, school zip, and personal information to create your account. Follow the instructions on the pages until you have completed the registration process.

How to register @ www.MyMathLab.com

Students who have used mymathlab in prior courses:

- 1) Before you begin, you need
 - a. **An Access code** (except students who are repeating a course, or moving from MAT0020 to MAT0024 or MAT1033, or MAT0024 to MAT1033)
 - b. **A Course ID**
 - c. Your **MyMathLab account information**
- 2) Log in to your existing account. You will see one of two things:
 - a. You will successfully log into your account.
 - i. In this case, click on "enroll in a new course" and follow the instructions given on the web page
 - b. You will see an error message that says your last class has expired
 - i. In this case click on "personal account summary" and follow the instructions given on subsequent screens.
