

Before going to the ER give Teladoc a call

Aetna now provides its members with access to Teladoc, a new benefit that gives you 24/7/365 access to quality medical care. Teladoc physicians can diagnose, treat and prescribe medication, when necessary, for routine illnesses. You don't even need to leave work or home. Request a consultation online or by phone anytime you feel under the weather.

Who wants to wait in an emergency room (ER) or urgent care waiting room when they are feeling sick?

Consider this...

ER and urgent care centers are costly ways to receive medical care. The long waits can seem even longer when you are sick and you expose yourself to other illnesses while waiting. Avoid all the hassles. Request a Teladoc consultation instead.

What can you use Teladoc for?

Our physicians can treat routine medical conditions like:

- Sinus infection
- Bronchitis
- Allergies
- Sore throat and stuffy nose
- Urinary tract infection
- Respiratory infection

Teladoc member story

One night my son had an upset stomach. I considered taking him to the nearest emergency room, but called Teladoc instead. The doctor suggested an over the counter medication and plenty of fluids. I'm thankful that I avoided the time and expense of the ER. - Mary
