The eye-opening

See your way to savings! It's easy with the **Aetna Vision discount program**. You'll pay less for eyeglasses, contact lenses ... even LASIK! Plus, you enjoy:

- No referrals
- No waiting for reimbursement
- No limits to how often you can use the program

You save on the spot every time you buy a product or service from one of our many program locations.

Choose from thousands of locations*

It's easy to find a location with thousands of national chains, like:

- Pearle Vision® Centers
- Sears Optical®
- LensCrafters®
- Target Optical
- JCPenney Optical®

Plus, you can go to many eye doctors in private practice. To find a location near you, go to **www.aetna.com**. Or call **1-800-793-8616**.

Great rates on eye exams

A routine eye exam does the eyes — and the body — good. They are the #1 way to find eye problems like glaucoma or astigmatism. They can also uncover the signs of diabetes, high blood pressure and other medical issues early, before they become bigger problems.¹

■ *If you **aren't** covered for eye exams through your health benefits and insurance plan:* Most locations have doctors of optometry onsite or nearby. So you still can get a great rate of \$42 on eye exams with this program.

■ *If you **are** covered for eye exams through your health benefits and insurance plan:* You can use this program if you need an additional eye exam not covered by your plan. You pay only \$42. But check your plan documents first. Your costs could be lower if you follow your plan's requirements.
