**School of Education**

**General Knowledge Test Administration and Workshop Dates**

The GKT (General Knowledge Test) workshops are designed to assist education majors and public school employees who wish to obtain their Florida Teacher Certification by successfully passing the GKT. These workshops focus on the reading, essay, and English language components of the examination. The workshops are highly intensified and are designed to review the content competencies of each subtest. The workshops are free and there is no formal registration; however, if you are interested in attending any or all of the workshops, you will need to contact Professor Renee Kilpatrick at least one week before the workshop; contact information is below. The workshops are conducted on Saturdays with the exception of the January workshops, which will be held on a Friday night and Saturday mornings.

**\*\*\*Note\*\*\* The workshops are for regular test administration dates only.**
