Test of Essential Academic Skills (TEAS®)

The TEAS® was developed to measure basic essential skills in the academic content area domains of Reading, Mathematics, Science, and English and Language Usage. These entry level skills were deemed important for nursing program applicants by a panel of nursing program curriculum experts.

The TEAS® is a 170-item, four-option, multiple-choice assessment. To prepare in an organized and efficient manner, you should know what to expect from the real assessment.

Content Area	Number of Test Items	Amount of Time Allotted
Reading	40	50 minutes
Mathematics	45	56 minutes
Science	30	38 minutes
English and Language Usage	55	65 minutes
Total	170	209 minutes

Creating an ATI Account

All testers must create an ATI account prior to taking a paper/pencil test. They can create an account at www.atitesting.com by clicking on **Create New Account** and following the screen prompts. After a tester has registered on the site, that tester's personal paper/pencil ID will be displayed under **Account Information**. At this screen, the user will have an opportunity to print the paper/pencil ID. Each user should print and retain this and use it for identification on every paper/pencil test. This ID number will not change; the tester only needs to register once.

Two products are available to help as you prepare for the TEAS® Assessment:

Test of Essential Academic Skills (TEAS®) Study Manual

The study manual is written specifically to address the needs of students preparing to take the TEAS® or those who need additional help after testing.

Test of Essential Academic Skills (TEAS®) Online Practice Assessment

The TEAS® Online Practice Assessment is available for students desiring additional test preparation material.

For a complete student preparation package, the TEAS® Online Practice Assessment and the TEAS® Study Manual may be purchased at www.atitesting.com/onlinestore
