Media Services

- Media Services is comprised of three areas of support: Classroom Support, Media Production and Special Events Support.
- The Classroom Support Service staff assists Faculty to make the most of the multimedia ready classrooms at North Campus.
- Classroom support trains, maintains and/or delivers multimedia equipment to classrooms.
- Media Production assists Faculty and/or Administrators in the creation or publication of multimedia content to enhance the Campus's learning environment. Our Media Production Services include Graphics, non-instructional web support, photos and video production.
- Special Events Support Service assists Faculty and/or Administrators in executing events open to the public, like lectures open to the public, concerts or musical venues or any other large-scale event.
- In addition, we provide consultation services in multimedia implementation, events planning and/or development of electronic educational and/or marketing content.
- Support the College's initiative of iTunesU and podcasting.
- Quote pricing on multi-media equipment.
- Video on Demand Access.
