College-Level Examination Program (CLEP)

The CLEP is a series of examinations that allow individuals to earn college credit for what they know. It is the most widely accepted credit-by-examination program in the United States, as students can earn up to 45 credits through CLEP examinations at Miami Dade College. Subjects covered by the exam range from languages such as French and Spanish to measuring knowledge in the field of Business. The tests are 90 minutes long and are administered on computer. Students receive unofficial scores immediately after their testing session is complete.

For more information on the CLEP, we offer you the following links:
