

Miami-Dade Course Offerings and Cross References

Miami-Dade Community College course offerings and their descriptions are grouped under the applicable statewide discipline, in alphabetical

order according to discipline title, not under the department or division of the college through which they are offered. For instance: FIN 2100, Personal Finance, is listed under Finance, the statewide discipline and not under a business, economics, or management department. Dance courses, DAA, are listed under Dance, not under Physical Education.

Within the specific disciplines, courses are listed alphabetically by prefix, then numerically within that prefix.

Not all courses are offered in all terms or at all campuses. For current offerings, consult the listing of credit courses published each term prior to registration period on all campuses.

The number of contact hours per week following each course description are for 16-week terms. More contact hours are required per week for the six and 12-week terms.

The cross references which follow will aid you in locating courses by prefix or discipline.

Prefix to Prefix Title to Statewide Discipline

Prefix	Prefix Title	Statewide Discipline	Page
