

Public Records

The College does not intend to solicit confidential or proprietary information in response to this solicitation. Bidders are cautioned that Florida law generously defines what constitutes a public record; see, for example, section 119.07 of the Florida Statutes. If a bidder believes that its bid contains information that should not be a public record, the bidder shall clearly segregate and mark that information (for example, stamp each page "Confidential" and place it in an envelope marked "Confidential") and briefly describe in writing the grounds for claiming exemption from the public records law. The College will not independently evaluate the bidder's claim of exemption. If the College receives a public records request related to the bid, the College shall notify the bidder in writing at least seven days before making the information available for review by the requester. The bidder shall be solely responsible for taking whatever action it deems appropriate to legally protect its claim of exemption from the public records law. If the bidder fails to do so, the College shall make the information available for review. In no event shall the College or any of its employees or agents be liable for disclosing, or otherwise failing to protect the confidentiality of, information submitted in response to this solicitation
