

**MIAMI DADE COLLEGE**

**2019-RB-3A**

**Q&A No. 2**

1. “A preliminary design concept of the building’s exterior elevations and footprint has been presented and approved by the College and the City of Homestead. Final design will require approvals from the College and the City of Homestead.”

The design presented on the rendering posted online is not the final design or proposed design. The rendering was used to provide City of Homestead official with an idea of how the new building may look like. There is no Architect of record assign to the project.
