A Bulletin of the Department of Arts and Philosophy / Wolfson Campus

## Summer -2008-3

Congratulations to Dr. Michael Di Liddo, the recipient of the 2009 Ruth Wolkowsky Greenfield Endowed Teaching Chair in Music. As we all know, the Endowed Teaching Chair Program is one of the College's most important faculty recognitions, and we are very proud of Mike's accomplishments.

### ARTS AND PHILOSOPHY DEPARTMENT SUMMER MEETING

During our last meeting for the summer, we held a special performance of music, dance, theatre, and the visual arts for the Advisement and Counseling staff in order to showcase our faculty and students, and to provide the Advising staff with information about our area and its programs. The event was a great success!

Happy Retirement Diane...  
but we know that you will  
continue at MDC for a long  
time to come!
