1. **Approval of Minutes of the July 11, 2000 Collegewide CASSC Meeting**

   The Collegewide CASSC Minutes of July 11, 2000 were approved as submitted.

2. **Welcoming of Members for Academic Year 2000/01**

   Dr. Lukenbill welcomed the new members and returning members to the Collegewide CASSC for Academic Year 2000/01. With the completion of the elections and appointments, the CASSC has a full membership except for the appointment of two student representatives. Dr. Lukenbill would like to have the students representatives appointed before the next Collegewide CASSC meeting.

   Concerning the committees reporting to the Collegewide CASSC, Dr. Lukenbill reported that he has received nominations for members that are identified by function and position, and has made tentative selections. These names have been shared with the campus Presidents for review. With the completion of the nominations, membership on each of the eight committees will be identified. Students will also be identified to serve on various committees as it is important to have their voice represented.

   Dr. Lukenbill explained that he has not responded to two recommendations that came forward from the College CASSC. He will meet with the Coordinating Committee for review and discussion of these recommendations.

   Dr. Lukenbill also gave special thanks to the College CASSC Coordinating Committee for their exemplary work during the past two years of the founding of CASSC.

3. **College Priorities for 2000/01**

   Dr. Lukenbill addressed the following areas of College priorities for the upcoming academic year:

   **Enrollment Management**
   In the current legislative session, the community colleges received less money as a result of enrollment not increasing. Enrollment and retention are critical for Miami-Dade Community College. The College must put special effort on recruitment, including the older and returning student. Concerning retention, the College must provide support to help students be successful, stay in school, and complete their programs.

   **Development of an Honors College**
   Miami-Dade Community College has excellent Honors Programs on the campuses. It is the goal of the College to develop an Honors College. It would be collegewide in scope with distinct qualities that will help in the recruitment of excellent students.
**Review College Prep/ESL Programs**
A review of the College Prep/ESL Programs was discussed. It is extremely important that the College be successful in this area.

**Legislative Campaigning**
The College must have a strong role in legislative campaigning. Specific targeted areas will be identified.

**Capital Campaign**
It is proposed that the College plan a strong capital campaign for the future of the College.

**Center for Emerging Technologies**
The College is proposing to develop a Center for Emerging Technologies. Huge development is expected in the area of technology. Currently Miami is moving ahead with construction of the network access point, or NAP, that will make our community a key player in worldwide telecommunications, particularly via the expanding Internet. It is the desire of the College to partner with NAP in specific kinds of training. The College has plans to request funding from the State for this effort, as it is critical for the State.

Dr. Lukenbill explained that for the above (specific kinds of training), an accelerated option or mechanism will be needed for the curriculum process.

4. **College CASSC Chair and Coordinating Committee Elections**

Ivan Figueroa, Carol Petrozella and Patricia Stephenson were the nominees for the College CASSC Chairperson.

Patricia Stephenson was elected the 2000/01 College CASSC Chairperson from among the faculty members of the College CASSC by the full College CASSC membership. Pat will also serve as the Chair of the Coordinating Committee.

There is a five person Coordinating Committee for the College CASSC. The Coordinating Committee will consist of two Deans appointed by the Provost, one CASSC faculty member elected by the CASSC, one CASSC staff member elected by the CASSC and the Chairperson of the CASSC (Pat Stephenson).

Dr. Lukenbill announced that the Deans appointed to serve on the Coordinating Committee are Nora Hernandez-Hendrix and Herb Robinson.

Carol Cooper, Ivan Figueroa, William Madden and Geraldine Walker were nominated as the faculty representatives to serve on the Coordinating Committee. Geraldine Walker was the faculty member elected to serve on the Coordinating Committee.
