

Course Description

CTE2745C | Patternmaking Level 2 | 3.00 credits

This course focuses the integration of flat pattern and draping. The student will learn the foundations of draping as a design development and execution technique. How to move from the form to the flat and on to the body.

Prerequisite: CTE1743C, CTE2310C.

Course Competencies:

Competency 1: The student will develop corset and draped designs by:

1. Developing sketches conveying design concepts
2. Creating style lines on the dress form
3. Draping, marking, and truing pattern pieces
4. Producing a fully finished sewn design

Competency 2: The student will combine bodice blocks and draping techniques to develop new designs by:

1. Combining dart and style line manipulation with draping
2. Utilizing advanced pattern elements to develop new patterns and designs
3. Demonstrating the ability to incorporate various sleeve styles into the bodice/torso designs

Competency 3: The student will assess fit consistent with design intent by:

1. Incorporating fit techniques appropriate to the chosen final fabrics
2. Applying the design elements to ensure the aesthetic of the design appropriate to the target client
3. Identifying types of fabric necessary for design element

Learning Outcomes:

- Solve problems using critical and creative thinking and scientific reasoning
- Formulate strategies to locate, evaluate, and apply information
- Demonstrate an appreciation for aesthetics and creative activities
