**Competency 10**: The student will utilize a deep and comprehensive knowledge of the subject taught by:

1. Delivering engaging and challenging lessons.
2. Deepening and enriching students’ understanding through content area literacy strategies, verbalization of thought, and application of the subject matter.
3. Identifying gaps in students’ subject matter knowledge.
4. Modifying instruction to respond to preconceptions or misconceptions.
5. Relating and integrating the subject matter with other disciplines and life experiences.
6. Employing higher-order questioning techniques.
7. Applying varied instructional strategies and resources, including appropriate technology, to provide comprehensible instruction and to teach for student understanding.
8. Differentiating instruction based on an assessment of student learning needs and recognition of individual differences in students.
9. Supporting, encouraging, and providing immediate and specific feedback to students to promote student achievement.
10. Utilizing student feedback to monitor instructional needs and to adjust instruction.

**Competency 11**: The student will identify and be able to select, adapt and use a wide range of standards-based materials, resources, and technologies by:

1. Using culturally responsive/sensitive, age-appropriate and linguistically accessible materials for ELLs of diverse backgrounds and varying English proficiency levels.
2. Using a variety of materials and other resources, including L1 resources, for ELLs to develop language and content-area skills.
3. Using technological resources (e.g., Web, software, computers, and related media) to
Competency 12: The student will know, understand, and apply concepts, research, best practices, and evidenced-based strategies to plan classroom instruction in a supportive learning environment for ELLs. The teacher will plan for multilevel classrooms with learners from diverse backgrounds using a standards-based ESOL curriculum. Teachers will know, select, and adapt a wide range of standards-based materials, resources, and technologies by:

| 1. Planning for integrated standards-based ESOL and language sensitive content instruction. |
| 2. Creating supportive, accepting, student-centered classroom environments. |
| 3. Planning differentiated learning experiences based on assessment of students’ English and L1 proficiency and integrating ELLs’ cultural background knowledge, learning styles, and prior formal educational experiences. |
| 4. Planning learning tasks for particular needs of students with limited formal schooling (LFS). |
| 5. Planning for instruction that embeds assessment, includes scaffolding, and provides re-teaching when necessary for individuals and small groups to successfully meet English language and literacy learning objectives. |
| 6. Selecting and adapting culturally responsive/sensitive, age-appropriate, and linguistically accessible materials. |
| 7. Selecting and adapting a variety of materials and other resources including L1 resources, appropriate to ELLs’ developing English language and literacy. |
| 8. Selecting technological resources (e.g., Web, software, computers, and related media) to enhance instruction for ELLs of diverse backgrounds and at varying English proficiency levels. |

Competency 13: The student will identify, develop, and use a variety of standards- and performance-based, formative and summative assessment tools and techniques to inform instruction and assess student learning. Teachers will understand their uses for identification, placement, and demonstration of language growth of ELLs from diverse backgrounds and at varying English proficiency levels. Teachers will articulate the appropriateness of ELL assessments to stakeholders by:

| 1. Using performance-based assessment tools and tasks that measure ELLs’ progress in English language and literacy development. |
| 2. Using criterion-referenced assessments appropriately with ELLs from diverse backgrounds and at varying English proficiency levels. |
| 3. Using various tools and techniques to assess content-area learning (e.g., math, science, social studies) for ELLs at varying levels of English language and literacy development. |
| 4. Preparing ELLs to use self- and peer-assessment techniques, when appropriate. |
| 5. Assisting ELLs in developing necessary test-taking skills. |
| 6. Assessing ELLs’ language and literacy development in classroom settings using a variety of authentic assessments, e.g., portfolios, checklists, and rubrics. |
