Miami Dade College

Course Description
IND1300 | Interior Design Presentations 1 | 2.00 credits

An introductory course in the use of various media for presentation of plans, schemes, and interior perspective renderings. Prerequisite: IND1020; Corequisite: IND1200.

Course Competencies

Competency 1: The student will explore various media by:
1. Investigating different types of presentation tools and techniques.
2. Experimenting with traditional and digital formats for visual representation.
3. Analyzing the advantages and limitations of each media type.

Competency 2: The student will develop presentation skills by:
1. Creating detailed plans and schemes using selected media.
2. Practicing effective communication techniques to convey design ideas.
3. Constructing compelling interior perspective renderings to enhance visual storytelling.

Competency 3: The student will evaluate design concepts by:
1. Critiquing peer presentations to identify strengths and areas for improvement.
2. Assessing the clarity and effectiveness of visual elements in conveying design intent.
3. Comparing the impact of various media on audience engagement and understanding.

Competency 4: The student will apply technical knowledge by:
1. Utilizing software tools for creating digital renderings and presentations.
2. Implementing best practices in layout and composition for effective visual communication.
3. Integrating feedback to refine and improve presentation techniques continuously.

Learning Outcomes
- Communicate effectively using listening, speaking, reading, and writing skills.
- Solve problems using critical and creative thinking and scientific reasoning.
- Formulate strategies to locate, evaluate, and apply information.
