

### **Course Description**

#### **MSL3201 | Leadership and Problem Solving | 3.00 credits**

This is a leadership & problem solving course for ROTC Cadets. Students will learn to examine skills that underlie effective problem solving, analyze military missions and plan military operations, and execute squad battle drills. Prerequisite: Cadets Eligible to Contract per ROTC Enrollment Officer and/or MAN2021.

### **Course Competencies:**

**Competency 1:** The student will demonstrate the ability to combine ethical behaviors with normal supervision and management behaviors by:

1. Analyzing where ethics intersect with everyday supervision and management
2. Considering ethical behaviors in supervision and management
3. Assessing how personal values could influence a supervisor or manager
4. Interpreting how organizational values could influence a supervisor or manager

**Competency 2:** The student will demonstrate ROTC values and ethics by:

1. Analyzing the Leadership Development Program (LDP) evaluation cycle
2. Writing a self-evaluation of leadership actions taken during Leadership Labs
3. Recognizing the Warrior Ethos in fellow Cadets/Cadre or when presented with a current or historical vignette or case study
4. Embodying the Warrior Ethos in Leadership Labs and Cadet Interactions

**Competency 3:** The student will demonstrate personal development reflective of an ROTC Cadet by:

1. Defining standards for the Army Physical Fitness Test (APFT)
2. Writing short-term and long-term goals to prepare for APFT
3. Describing factors of Suicide Prevention
4. Delivering one or more of the four types of Military Briefings

**Competency 4:** The student will demonstrate an understanding of the duties of an officer ship by:

1. Applying the Army Composite Risk Management (CRM) process
2. Applying the fundamentals of Drill and Ceremony to squad formation

**Competency 5:** The student will demonstrate an understanding of required tactics and techniques by:

1. Applying troop leading procedures to accomplish team and squad operations
2. Applying map reading, land navigation, and terrain analysis to team and squad operations
3. Applying military decision-making to solve problems
4. Applying the fundamentals of Army Operations to small unit operations
5. Demonstrating successful completion of the Combat Water Survival Training (CWST)
