**NUR 2680L  Community Health Nursing Lab**

**Course Description:**
This laboratory course assists the students in applying knowledge of community health resources. Students will learn to manage community health resources to support the delivery of care to the childbearing/child-rearing families. Special emphasis is placed on the understanding of cultural influences on the health practices and beliefs within the family. Prerequisites: NUR 1211, 1211L, 1214C or 1002, 1002L; Co-requisites: NUR 2310, 2310L, 2420, 2420L
