

# *Commencement 2025*

*Wolfson Campus  
Medical Campus  
Homestead Campus*

*Saturday, April 26, 2025*

*1:30 p.m.*

*loanDepot park*

*501 Marlins Way*

*Miami, Florida*

District Board of Trustees

Michael Bileca, Chair  
Nicole Washington, Vice Chair  
Anay Abraham  
Roberto Alonso  
Maria Bosque-Blanco  
Marcell Felipe  
Ismare Monreal

Madeline Pumariega, President, Miami Dade College  
Dr. Malou C. Harrison, Executive Vice President and Provost, Miami Dade College  
Dr. Beatriz González, President, Wolfson Campus  
Dr. Alwyn Leiba, President, Medical Campus  
Dr. Beverly Moore-Garcia, President, Homestead Campus

The mission of Miami Dade College is to change lives through the opportunity of education.

As democracy's college, MDC provides high-quality teaching and learning experiences that are accessible and affordable to meet the needs of our diverse students and prepare them to be responsible global citizens and successful lifelong learners. The College embraces its responsibility to serve as an economic, cultural and civic beacon in our community.

We know you will join us in our commitment to preserving the dignity and tradition of this occasion by observing courteous camera and cell phone etiquette. Please remain in your seat during the entire ceremony. You are not permitted on the main floor or in the front of the stage area.

We appreciate your cooperation and are pleased to share this special occasion with you.

# Program

Madeline Pumariega, President, Miami Dade College

Dr. Malou C. Harrison, Executive Vice President and Provost, Miami Dade College

Conferring of MDC Degrees . . . . .	Madeline Pumariega President, Miami Dade College

## Recessional

*Commencement Speaker Patrick Gelsinger*  
*Executive Chair and Head of Technology, Gloo*  
*General Partner, Playground Global*

Patrick Gelsinger is the executive chair and head of technology for Gloo, a leading platform connecting the faith ecosystem. He also serves as a general partner at Playground Global, a deep tech venture capital firm managing \$1.2 billion in assets. With over 45 years of technology and leadership experience, Gelsinger has made significant contributions to the creation and development of key industry technologies such as USB, Wi-Fi and the original 80486 processor.

Formerly the CEO of Intel and VMware, Gelsinger holds several patents in VLSI design, computer architecture and communications. He is recognized as a visionary engineer and values-based leader in Silicon Valley, having helped create foundational technologies in semiconductors, microprocessors and industry standards that the world relies on daily.

Gelsinger's journey began with humble farm beginnings and is known for his values-based leadership and Christian faith. He is a sought-after speaker, board member, consultant, philanthropist, investor, husband, father of four and grandfather of eight.

Today, at Gloo and Playground Global, he continues to influence the technology landscape, leveraging his extensive expertise to connect and empower the faith ecosystem and drive innovation in deep tech ventures.

---

*Pledge of Allegiance*

I pledge allegiance to the Flag  
of the United States of America,  
and to the Republic for which it stands,  
one nation under God, indivisible,  
with liberty and justice for all.

*The Star-Spangled Banner*  
*by Francis Scott Key*

O say, can you see, by the dawn's early light,  
What so proudly we hail'd at the twilight's last gleaming?  
Whose broad stripes and bright stars, thro' the perilous fight,  
O'er the ramparts we watch'd were so gallantly streaming?  
And the rockets' red glare, the bombs bursting in air,  
Gave proof thro' the night that our flag was still there.  
O say, does that star-spangled banner yet wave  
O'er the land of the free and the home of the brave?

*Wolfson Campus*  
*Degrees to Be Conferred*

*Fall Term - December 14, 2024*

*Bachelor of Science*

Ava Adams  
Jordan Alexander Bahamonde  
David F. Cerinza

## *Presidential Scholars Program Graduates*

The Presidential Scholars Program offers scholarships to high school students based on academic achievement. The awards cover tuition and fees, plus a stipend for living expenses. Scholars receive a range of services including concierge care with assigned advisors, specialized support in areas of program orientation, learning resources and financial coaching. In addition, students participate in co-curricular opportunities for community involvement, career development, student leadership and more.

## *Rising Scholars Program Graduates*

The Rising Scholars Program integrates free tuition for up to two years of study at MDC with high-impact, academic and co-curricular experiences that equip students with the knowledge, resources, skills and support necessary for academic success and completion. Participants are connected to short term career-focused credentials that increase earning potential while creating a coherent academic and career pathway leading to an associate degree. Students also receive a book stipend and laptop computer to support academic success.

## *School for Advanced Studies Graduates*

The School for Advanced Studies' (SAS) primary goal is to provide a diversified, enriched course of study for high school students. SAS' curriculum is a combined offering of core, advanced-level high school courses that have been identified by the State of Florida and Miami-Dade County Public Schools as meeting the requirements for high school credit. In addition, students earn college credits for dual-enrollment courses taught by college professors at Miami Dade College and receive honors points. Select Miami Dade College courses receive advanced placement credit.

## *Student Government Association Executive Board*

President: Valentina Burgos  
Secretary: Ambar Perez  
Treasurer: Matthew Rodriguez

Senators:

Jesmay Castillo  
Manuella Do Canto  
Oskar Finneran  
Sophia Garcia  
Victor Garcia  
Mary Gomez  
Angel Invernizzi

Jerry Jules  
Jasmine Moraes  
Juno Quintana  
Katiana Pierre  
Ahalya Rivas  
Rio Hevia Silveira

## *Phi Beta Delta International Honor Society Graduates*

Phi Beta Delta International Honor Society is the first honor society dedicated to recognizing scholarly achievement in international education. Founded in 1986, Phi Beta Delta is an academic and professional society, unique because it is resolutely interdisciplinary and international.

Vice President: Tracie Briggs  
Secretary: Michael Valera Bernard  
Executive Coordinator: Jhose Valderama

## *Future Business Leaders of America Graduates*

Future Business Leaders of America (FBLA), Collegiate Level, is the premier student business organization in the world. Each year, FBLA helps over 230,000 members prepare for careers in business and business-related fields. FBLA's mission is to bring business and education together in a positive working relationship through innovative leadership and career development programs.

Sofia Caceres, President  
Nicole Dini, Vice President  
Matthew Rodriguez

Maria Sofia Santos  
Jhose Valderrama

## *Dual Enrollment Program Graduates*

As part of Miami Dade College's Dual Enrollment Program, the following high school students earned an associate degree from MDC while earning their high school diploma.

Jacob Abutog  
Ericka Daniella Arevalo-Henao  
Victor Arostica  
Eddy Barias  
Amy Y. Bennett  
Deandra Boolsen  
Debbie Samanta Campos  
Kendra Paola Centeno  
Monserrat Monet Delacerda  
Chloe N. Farreau  
Alejandro Garcia-Zeron  
Adriana Gutu

Giovanni Hernandez  
Kimberly Gertrudis Lara  
Kelly Michelle Lezama  
Jeffrey Augusto Manzanarez  
Juan Daniel Mejia  
Efrain Josue Mijango  
Kaylany Parra  
Melany Poliakof  
Alessandro Daniel Ramos  
Emily Johany Rivas  
Chareenah StCharles  
Yuliya Tsoy

## *Student Managed Investment Fund Graduates*

The MDC Student Managed Investment Fund (SMIF) is a multi-faceted experiential learning community housed at the newly created Business Innovation and Technology Center (BIT). SMIF currently immerses over 30 students in a real-life investment experience and places student-centered decision-making at its core. Students make the actual investment decisions with the objective to increase the value of their fund. In this way, current MDC students pay it forward to future MDC students because SMIF returns will ultimately support scholarships for future MDC students.

Daniel Celis  
Nicole Dini  
Paul Guillaume

Tomas Rosero  
Maria Santos  
Zhanibek Soltanov

## *Wolfson Campus*

Miami Dade College's Wolfson Campus opened in 1970 by holding classes in the storefronts of Downtown Miami. With the completion of the campus' first permanent facility in 1973, Wolfson catalyzed a downtown renaissance by hosting all manner of civic and cultural discourse. Located within the city's financial, governmental, technological and cultural hubs, Wolfson capitalizes on its unique geographic resource by offering programs in animation, banking/financial services, computer technology, cybersecurity, data analytics, paralegal studies, architecture, economics, hospitality management, engineering, the arts, humanities and social sciences. It provides a fully accredited, high-quality education to more than 27,000 students each year. The Campus is home to Miami Fashion Institute, Miami Film Festival, Miami Animation and Gaming International Complex (MAGIC), the Earth Ethics Institute, The Honors College, New World School of the Arts and the historic Freedom Tower. The Campus' acclaimed Miami Culinary Institute offers academic programs in the culinary arts. Each year, Wolfson Campus also hosts Miami Book Fair, the nation's largest and finest literary festival. The Campus is committed to meeting the community's educational needs and promoting meaningful cultural encounters.

## *Presidential Scholars Program Graduates*

The Presidential Scholars Program offers scholarships to high school students based on academic achievement. The awards cover tuition and fees, plus a stipend for living expenses. Scholars receive a range of customized services including concierge care with assigned advisors, specialized support in areas of program orientation, learning resources and financial coaching. In addition, students participate in co-curricular opportunities for community involvement, career development, student leadership and more.

## *Rising Scholars Program Graduates*

The Rising Scholars Program integrates free tuition for up to two years of study at MDC with high-impact, academic and co-curricular experiences that equip students with the knowledge, resources, skills and support necessary for academic success and completion. Participants are connected to short term career-focused credentials that increase earning potential while creating a coherent academic and career pathway leading to an associate degree. Students also receive a book stipend and laptop computer to support academic success.

*Master of Health Science Graduates  
in Affiliation With Nova Southeastern University*

Founded in 1964, Nova Southeastern University (NSU) is a private research institution of higher learning offering a Master of Health Science program (MHSc). In November 2019, an affiliation agreement was signed by Miami Dade College and NSU for dual enrollment of students to complete their Associate in Science, Bachelor of Applied Science in Physician Assistant Studies and a Master of Health Science degrees simultaneously.

## *Dual Enrollment Program Graduates*

As part of Miami Dade College's Dual Enrollment Program, the following high school students earned an associate degree from MDC while earning their high school diploma.

Cecilia Arauz  
Melissa Lopez

Kira Rosa Puentes

## *Graduating Student Athletes*

Camila Gomez Hernandez

Oskarely Maria Ochoa Molero

## *Medical Campus*

The Medical Campus began instruction as the Division of Medically-Related Programs in July 1974, designated as an autonomous campus located on a 4.3-acre site in Miami-Dade County's medical district. In 2019, the campus added the Center for Learning, Innovation and Simulation. This state-of-the-art building houses a simulated hospital with exam rooms, an ambulance, labor and delivery rooms, a home health apartment, an operating suite, medical-surgical rooms, pediatric rooms and state-of-the-art labs. Home to more than 30 programs, including bachelor's and associate in science degrees and certificate programs, the Medical Campus prepares students with evidence-based principles and clinical skills needed to be successful health care practitioners. Allowing the students to practice their skills creates an environment of multidisciplinary collaboration by bringing together students from various fields to work and communicate.

## *Presidential Scholars Program Graduates*

The Presidential Scholars Program offers scholarships to high school students based on academic achievement. The awards cover tuition and fees, plus a stipend for living expenses. Scholars receive a range of customized services including concierge care with assigned advisors, specialized support in areas of program orientation, learning resources and financial coaching. In addition, students participate in co-curricular opportunities for community involvement, career development, student leadership and more.

### *Rising Scholars Program Graduates*

The Rising Scholars Program integrates free tuition for up to two years of study at MDC with high-impact, academic and co-curricular experiences that equip students with the knowledge, resources, skills and support necessary for academic success and completion. Participants are connected to short term career-focused credentials that increase earning potential while creating a coherent academic and career pathway leading to an associate degree. Students also receive a book stipend and laptop computer to support academic success.

## *School for Advanced Studies Graduates*

The School for Advanced Studies' (SAS) primary goal is to provide a diversified, enriched course of study for high school students. SAS' curriculum is a combined offering of core, advanced-level high school courses that have been identified by the State of Florida and Miami-Dade County Public Schools as meeting the requirements for high school credit. In addition, students earn college credits for dual-enrollment courses taught by college professors at Miami Dade College and receive honors points. Select Miami Dade College courses receive advanced placement credit.

## *Homestead Campus*

The Homestead Campus was founded in 1990 in the historic downtown district of Homestead. It was established as the 5th campus of Miami Dade College and originally consisted of six acres with one 20,000 square-foot building and nine portables where classes were held. The campus was devastated by Hurricane Andrew on August 24, 1992, and as a result, lost 53% of its enrollment.

After Hurricane Andrew, the Campus experienced a renaissance, and, like the City of Homestead, began to rebuild. By 1996, four new facilities were added, followed shortly thereafter by a new aviation building. In August 2023, the campus inaugurated the Student Success Center, a 60,000 square foot, 4-story state-of-the-art, one-stop student services building. The center includes an entrepreneurial hub, numerous classrooms, an art gallery, a café, and a 324-seat conference center. Today, the campus is a modern, seven-building complex offering an array of academic courses, including aviation, entertainment technology, science, and nursing. The Homestead Campus continues to evolve, expanding its programs and facilities to serve the growing needs of the South Dade community.

## *The Ceremonial Mace*

Dr. Yanely Webb, professor of Communications, Humanities and Social Sciences, and a two-time Endowed Teaching Chair recipient, will carry the mace and lead the procession. The use of the mace dates back to the middle ages, when it was carried in processions of many kinds as an ensign of authority. Medieval university officials used the mace at commencement and on other ceremonial occasions. Though we have added unique and contemporary highlights to our commencement ceremony, we join hundreds of colleges and universities worldwide whose processions continue to uphold formal aspects of ceremonies from the past, including the mace.

## *Special Acknowledgments*

The commencement committee extends special appreciation to all of those who assisted with the planning and execution of the Wolfson, Medical and Homestead Campuses commencement exercises.

The committee acknowledges the support and assistance of the following: Follett Bookstore staff, MDC Marketing Communications Department, Campus Services staff, Network and Media Services staff, Academic and Student Affairs staff, Phi Beta Delta International Honor Society, Phi Theta Kappa Honor Society, Psi Beta – Community College National Honor Society in Psychology, Alpha Delta Nu Nursing Honor Society, National Society of Leadership and Success, Student Government Association, Shark Student Ambassadors.

College graduation represents the completion of one step in a lifelong process of learning. This step was achieved with the leadership and dedication of highly talented faculty and hard-working staff at Wolfson, Medical and Homestead Campuses. The contribution and encouragement of students' families are also vitally important in this process of learning. A special recognition is extended to all those who have in any way aided Wolfson, Medical and Homestead Campus students in reaching this significant milestone.

## *Academic Regalia*

Lending color to the pageantry of the commencement exercise are the academic robes and hoods worn by the faculty. These regalia harken back to the Middle Ages, when they served an ornamental and functional role of separating the learned from other groups, while offering warmth and protection.

In late 19th century America, a conference was held by representatives of colleges and universities to bring some order to the custom of academic dress. Since then, there have been periodic conferences to revise or reconfirm existing practices.

Holders of the bachelor's degree wear unadorned black robes. Holders of the master's degree wear hoods lined with the colors of the college conferring the degree and trimmed with the color representing the subject in which the degree was earned. The doctoral robe is adorned with velvet and is also worn with the hood suitably ornamented.

Holders of degrees from foreign universities or religious orders wear the entire academic costume as decreed by the conferring institution.

The following list reflects the colors which will be found on the hoods worn in the academic procession at the commencement exercise and the subject each color represents.

Arts, Letters, Humanities - White  
Architecture - Blue Violet  
Commerce, Business Administration  
- Drab  
Chiropractic - Silver  
Counseling & Guidance -  
Light Blue  
Dentistry - Lilac  
Economics - Copper  
Education - Light Blue  
Engineering - Orange  
Fine Arts - Brown

Journalism - Crimson  
Law - Purple  
Library Science - Lemon
