Office of Student Internship & Clinical Experience
SERVICE-LEARNING/CLINICAL EXPERIENCE PACKET
Early Childhood Education Program

The Florida Department of Education (FLDOE) requires that all students pursuing a teacher education degree complete clinical experiences throughout the program. For the purpose of the School of Education (SOE) at MDC, service-learning/clinical experience hours is defined as a “teaching and learning strategy that integrates meaningful community service with instruction and reflection to enrich the learning experience, teach civic responsibility, and strengthen communities” (http://www.fldoe.org/family/whatis.asp).

Following Miami Dade College School of Education, Early Childhood Education (ECE) program, students enrolled in lower division courses must complete a minimum of twenty (20) face-to-face service-learning/clinical experience hours at Early Childhood Educational centers approved by the School of Education and accredited by NAEYC. These classroom settings must represent diverse populations where the Florida Educator Accomplished Practices (FEAPs), the Sunshine State Standards, and the Florida Educator Competencies are evident. Students are expected to systematically observe and analyze information in the field settings as well as to participate and assist with any activity benefiting the learners and the community, while reflecting on the introduced FEAPs and their application to each particular course.

All students participating in service-learning/clinical experience hours for these EEC courses should visit the web-based application system at www.mdc.edu/iCED for instructions and documentation requirements. This system is managed by the INSTITUTE FOR CIVIC ENGAGEMENT AND DEMOCRACY (iCED) and students need to contact their campus office if they have any problems with online registration. For site selection, you may refer to the enclosed list of centers approved by the School of Education and accredited by NAEYC on pages 18-21.

Students must be sure to document their service-learning/clinical experiences by completing all required documentation: the Service-Learning Contract, Hour Report/Evaluation Form. They are also required to evaluate the program by completing an online Student Satisfaction survey. No student will receive a passing grade without having completed the service-learning/clinical experience hour requirement and submitting the required documentation on time. (See pp. 15-17)

*** IMPORTANT NOTES ***

1. Service-learning/clinical experience WILL NOT be allowed outside of Miami-Dade County.

2. Fingerprinting MUST be done immediately upon registering for courses with service hours. Once cleared, students will be notified via their MDC e-mail address to pick up their cards at the InterAmerican Campus. If you have any questions regarding the clearance card, please refer to the Fingerprinting Packet.

3. An incomplete “I” grade will NOT be given for not clearing your fingerprint and background check for your course’s service-learning hours/clinical experience.

4. Students working in an Early Childhood setting do not need to complete service hours. Instead, they need to complete the employment verification form on p.13 and submit it to the SOE faculty.

Dear Early Childhood Education Faculty,

The Institute for Civic Engagement and Democracy (iCED) welcomes the opportunity to partner with you and your students for their service-learning requirement. All students who are not presently working in a pre-school must meet the Florida field placement requirement through service-learning. The mission of iCED: “Transforming learning, strengthening democracy and contributing meaningfully to the common good by awakening and empowering students for lifelong civic engagement.”

Early Childhood Education students who are working in a pre-school are not required to complete the service-learning hours for their lower division Early Childhood Education courses. However, they must complete the employment verification form on page 9 in the ECE Service-Learning Packet and it needs to be signed by the site administrator or Center’s Director. All other ECE regular students must meet their service-learning requirements by following the procedures in the ECE Service-Learning Packet.

**Service-Learning:**
- Is a method whereby students learn and develop through active participation in thoughtfully organized service that is conducted in and meets the needs of communities;
- Helps foster civic responsibility;
- Is integrated into and enhances the academic curriculum;
- Provides structured time for students to reflect on service experience.

**What is Reflection? The process of deriving meaning from experience:**
- Conscious, intentional, and critical thinking about the service experience;
- Reflection is what makes service SERVICE-LEARNING.

**Effective Reflection:**
- Is structured, guided, purposeful;
- Is a regularly occurring activity;
- Includes components that can be evaluated based on well-defined criteria;
- Bridges service and course objectives;
- Includes private and public reflection;
- Furthers appreciation of diversity.

**Civic Responsibility:**
- Active participation in the public life of a community in an informed, committed, and constructive manner, with focus on the common good.

Field experience is the umbrella under which your service-learning falls. All ECE School of Education students are required to have field experience whether it is through employment in a preschool or through service-learning (SL) hours in an approved accredited preschool.

**iCED is available to support and provide services for your class(es), such as:**
- Assisting with web-based registration procedures;
- Processing your students’ Contracts and Hour Report/Evaluation Forms;
✓ Sending regular reports on the status of your students’ service-learning hours;
✓ Making ourselves available to stop by your class and answer any questions your students may have;
✓ Providing students’ end of term service-learning commendation letters and certificates for you to sign & distribute;
✓ Preparing end of term report of your students’ service-learning hours and agencies served.
Guidelines for faculty using service-learning:

1. Distribute handout or forward students the iCED Web-based Instruction Sheet for ECE (attached);
2. Students will then (after registering at www.mdc.edu/iCED) print out the Service-Learning Contract and all other forms directly from the iCED website (not from the packet). Select from list of centers (in this packet) approved by the School of Education and accredited by NAEYC. Contact the center and obtain approval and signature from the center’s administrator or director. Forms must be downloaded from www.mdc.edu/iCED. Using forms from this packet will NOT be accepted or approved;
3. Contact your individual iCED office for processing procedure of Contracts & Hour Report/Evaluation Forms. In order to assure documentation of student hours, these forms need to be processed in a timely matter;
4. Instruct students on Contract deadlines (two weeks after term begins) and Hour Report/Evaluation Form deadlines (three weeks before term end);
5. Students may start completing the service-learning/clinical experience hours and bring their valid clearance cards to the centers.
6. Verify list of students participating in service-learning upon receipt of Status Reports;
7. Supervise flow of Contracts & Hour Report/Evaluation Forms to your campus’ iCED office. Only original forms will be accepted;
8. Ensure that reflection is an integral part of the course throughout the term where students demonstrate their learning;
9. Verify list of students who should receive commendation Certificates and Letters, sign Certificates and distribute both to students before the end of the term.

We look forward to supporting another year of successful service-learning experiences for our students. Please contact your campus iCED representatives with any questions.

Dear Director of _________________________________

__________________________, a Miami Dade College student is enrolled in an Early Childhood Education course. This course requires a student to complete a minimum 20 service learning hours in an Early Childhood Education setting, and would like to provide this service at your school. The student should be placed where he/she can be of most service to your school while taking into consideration the student’s interests and skills.

All students in these courses are required to be fingerprinted and will provide you with a copy of their Miami Dade School of Education Security Clearance information card. This is proof the student has cleared the MDC fingerprinting process (level 2 clearance) and can serve at your school immediately.

The student will ask you to sign a form confirming that he/she will be serving at your school and will carry a time log sheet with them so that his/her hours can be documented. We ask that you also complete an evaluation form of the student’s performance at the end of his/her service.

We appreciate your willingness to assist this student as they embark upon the career pathway of becoming a teacher. Your guidance will be vital to our student’s success. Students should be actively involved with students in a classroom setting. However, since this student is not a certified teacher, he/she should never be left in charge of a classroom or alone with students. We would request that the student remain in one classroom for the duration of his/her service learning experience.

If you have any questions, please contact Iris Strachan, Chair of Early Childhood Education Department School of Education, Miami Dade College at 305-237-1632.

Thank you for your support to our students.
