

Fabulous book fair

Happiness is attending the 30th Miami Book Fair International. The authors were great, the food booths superb, the energy fun, the books for sale irresistible and the music inspired.

The Band Formerly Known As The Rock Bottom Remainers made us dance, the giant Spanish posters impressed and, most of all, the thrill of being surrounded by fellow readers young and old was something to cherish until next year's book fair.

Thank you, Mitch Kaplan and Miami Dade College.
