Give a little

Re the March 7 article, Miami Dade College seeks local sales tax hike to shore up its finances:

Educating our community should be one of our top priorities and Miami Dade College has provided a quality education to millions of people in our community during the last 50-plus years.

Supporting the college through a half-penny investment will ensure that our community continues to reap the educational benefits that only Miami Dade College can provide.

The college has supported our community in the toughest of economic times, keeping the door of opportunity wide open for all. It's time for us, as a community, to give back to MDC.
