Miami Dade College announced plans Friday to develop an animation and gaming center on its Wolfson Campus in downtown Miami.

"It is important for Miami Dade College to again be at the forefront to provide new talent and a trained workforce to these industries," Wolfson Campus president [José A. Vicente](#) said in a news release.

The Miami Animation and Gaming International Complex will include a motion capture studio, a lab featuring a gamer environment called The Brain, technologically advanced classrooms and a screening hall for student animation projects.

The plans were announced during the MIA Animation Conference & Festival. Miami Dade College also plans to add gaming and animation programs to its expanding Emerging Technologies Center of the Americas.
