

"In This Moment (The SAS Song)"

Composed and performed by: Gabriella Alegro & Kristen Zagales-Ceballos

It's 3 in the AM
Got me studying even on the weekend
Trying to balance out my grades and my
close friends
I be struggling, my grammar's getting
weak and
Better recognize our voice 'cause we're
speaking
Everybody's got their own kind of way
and
I be ranting on my Twitter "#struggling"
But in the end, we all know that it's worth
it

In this moment
Congratulations
Because you made it
Because you made it [x2]

SAS better than the rest
Don't you know we're the best [x2]
Wolfson, North, Kendall, Homestead
On our way to success [x2]

In this moment
Congratulations
Because you made it
Because you made it [x2]

Live in the moment
We know you'll own it
Be strong, when moving on
Say all your goodbyes
But don't you cry
To brighter days, you've paved the way

SAS better than the rest
Don't you know we're the best [x2]
Wolfson, North, Kendall, Homestead
On our way to success [x2]

SAS better than the rest
Don't you know we're the best [x2]
Wolfson, North, Kendall, Homestead
On our way to success [x2]
SAS better than the rest
Don't you know we're the best [x2]
Wolfson, North, Kendall, Homestead
On our way to success [x2]

Because you made it, on our way to
success [x3]
Because you made it, on our way to
success, you bet!
