MIAMI DADE COLLEGE MEDICAL CAMPUS

Physician Assistant Program Laptop - Minimum Requirements:

Our program is committed to maintaining the highest standards of excellence in teaching through the use of technology. Each student in the PA program is **required** to have a laptop with Wi-Fi capability for use throughout the curriculum. If you do not have one and receive financial aid you may use your refund to purchase the device and brand of your choice. We included the minimum required specifications below. You may also borrow a laptop from our campus Learning Resources Library for up to 14 days at a time.

A laptop will allow you to access useful features and software, including an MDC mobile student portal for viewing grades, course schedules, and adding classes. You will also be able to use your MDC Google email account and calendars, listen to lectures and podcasts, use a student response system in class, read e-books, and download specially designed applications and more! Please make sure you have your mobile device **prior** to the start of classes in January.

- Intel Core i5
- 8GB RAM
- 320GB HDD
- 13.5" Display
- Windows 10 or 11 preferred
- Up-to-date malware/antivirus product

Please note these are **MINIMUM** requirements for your device. You may have a device that exceeds these requirements.

The average price is between $400-500. Discounts are available for MDC students. Discount links are located within the home student web portal under Resources.

If you have any questions regarding technology or the minimum requirements you can present them at orientation or contact:
