

# What will you gain?

- As a FCCAgE student, you will gain
- A Tuition Scholarship at Miami Dade College
- A \$500 Book award
- Funded campus based research
- Funded Summer Internship
- The professional development required to enter the USDA workforce or to continue on to higher education
- The Necessary tools to stand out of the crowd and land a professional job

*"As a Hispanic, first-generation college student, I am extremely grateful for scholarship opportunities, such as the USDA HSI Grant. Without this form of support, I would not have been able to accomplish many of my research and career goals."*

Thelma Velez  
FIU, Graduate research assistant

# What is FCCAgE?

FCCAgE is a multi-institutional consortium funded by the USDA Hispanic Serving Institution's Grants Program. The Biology department of Miami Dade College, North Campus works with Florida International University (FIU), St. Thomas University and Universidad Inter-Americana de Puerto Rico, San German, Puerto Rico. Among other institutions, the FCCAgE is partnering with Fairchild Tropical Botanical Garden and Earth Learning in order to offer students with a holistic, multidisciplinary, and problem-based approach necessary for tackling tomorrow's agro-ecological challenges.
