1. The Support Staff Councils of the respective campuses and district operations of Miami Dade College are elected representatives of support non-exempt (SNE) personnel and are empowered to meet, confer, recommend and advise their respective College Provost, Campus Presidents and Vice Provosts or alternates regarding campus or area practices or procedural matters that may be of concern to individual Support Councils.
2. Support Staff Councils will, from time to time, have mutual concerns relating to college policy or matters that are considered collegewide concerns that impact all or most SNE employees and their working conditions. Council Presidents or designated alternate officers may meet and confer with the College President's designee, who will channel acceptable college wide recommendations to the College President.
