The College, as one of the agencies under the Division of Retirement, and under their regulations, provides enrollment under the Florida Retirement System (Regular or Senior Management), or the Teacher's Retirement System (only available to present members). This plan provides the opportunity to eligible personnel, upon vesting, to be eligible for a monthly retirement benefit at the time of retirement. The College pays the contribution required by the Florida Retirement System, as does the employee member. The College and the employees who are members of the Teacher's Retirement System each pay a portion of the required contributions.
